WEATHER INDICATIONS.

U. S. Department of Agriculture, Weather Bureau.
Toledo, O., April 12, 1892.

The high area of pressure has increased and covers the entire country from the gulf to Lake Superior and from Kansas to Virginia. It dominates the weather over the section it covers. There is a slight depression central over Colorado this morning. It has caused cloudy weather and light rains over the west and northwest. The temperature has risen in all districts, and the weather over the north, east and south is generally fair.

Frosts are reported from stations around the lakes.

The Mississippi river has fallen from Keokuk to Cairo, and risen from Cairo to New Orleans. The river at Cairo has fallen 0.2 feet since Monday, although it was reported as rising again this morning. It is 5.8 feet above the danger line at that point. At Memphis it has risen one-half foot, being within 0.8 feet of the danger line. At New Orleans it has risen 0.1 since Monday and is one-half foot above the danger line. The river south of Cairo will continue to rise.

Forecast for Toledo and vicinity—Fair, followed by increasing cloudiness and rain; warmer.

E. A. HANNER, Observer.

Ohio—Fair; warmer; variable winds, becoming southeasterly.

Indiana and Illinois—Fair; followed to-night by threatening weather and showers; southeasterly winds.

Michigan—Fair; warmer; winds becoming southerly.

Wisconsin—Increasing cloudiness and showers to-night; warmer; winds becoming south.

Removed — every vestige of Catarrh in the Head, no matter how bad the case, or of how long standing, by Dr. Sage's Catarrh Remedy. Not only Catarrh itself, but all the troubles that come from it — they're perfectly and permanently cured by its mild, soothing, cleansing and healing properties.

If you could only be sure of that, it's enough.

The proprietors of Dr. Sage's Remedy try to prove it to you. *They* are sure enough of it — a record of 25 years, with thousands of the most hopeless cases, has satisfied them — but how can they prove it to *you?* There's no better way than with money. So they say this, and they mean it: "if we can't cure your Catarrh, no matter what your case is, we'll pay you $500 in cash. There's a *chance* that you can't be cured, but it's so small that we're willing to take it."

What more can they say or do to convince you?

Isn't that enough?

HE SHOT TO KILL

A Jealous and Discarded Lover

Fires a Fatal Bullet Into His Rival.

He Takes to the Woods for Safety,

And is Captured After a Long Search.

He Fought Gamely for His Liberty, However, and Added Another Murder to His Crime Before Lodged in Jail.

London, April 12.—A frightful tragedy has disturbed the normal quiet of Southwestern Wiltshire.

A country girl named Lizzie Adams was courted by a young man named Louis Hamilton.

Lizzie was generally acknowledged to be the prettiest girl around the village of Milksham, and she had half a dozen suitors, among whom Hamilton was the favorite. It was supposed that Lizzie and Louis were engaged to be married, and Louis was never happy away from her.

They got along lovingly for a time until another youth named Henry Richards appeared on the scene. Henry had the advantage of Louis in being able to spend more money, and he gradually made his way into the affections of the pretty girl.

Lizzie grew cool toward Louis and at length told him that she did not care for his company any longer.

This declaration seems to have maddened Louis, who did not have much to say to or about Richards, but appeared to be brooding over something.

As, however, Hamilton had always been a young man of good character, no one suspected that he really meditated terrible vengeance. On last Wednesday Hamilton unexpectedly met Richards and Lizzie Adams walking in the village street. Richards smiled in a sneering way as the discarded lover passed. Hamilton said nothing, but, it appears, according to the story, now told by Lizzie, he gave Richards a look of fearful meaning and one that made Lizzie shiver as she noticed it.

It was probably after this meeting that Hamilton bought a revolver. He had never been known to carry such a weapon before. On Sunday last Hamilton appears to have followed Richards when the latter took a walk in the direction of a secluded country lane where Hamilton evidently suspected that his successful rival was going to meet Lizzie Adams.

The suspicion proved to be correct. Lizzie and Richards met and kissed and Richards gave her two or three embraces, Hamilton looking on through a hedge meanwhile.

Whether Hamilton followed Richards with murderous intent is not known, but he seems to have kept his jealous rage awakened to the highest degree by the spectacle of the billing and cooing between the girl that he madly loved and the fellow he detested.

Rushing from the hedge Hamilton dashed upon his rival and exclaimed: "You shant have her, Richards. I will have your life first." Before Richards could gather himself for defence, Hamilton fired. The shot was aimed to kill, and Richards fel dead.

Lizzie Adams fainted. When she recovered Hamilton had disappeared. The whole country was excited by the tragedy and the police and people united in a general search for the murderer. Hamilton lurked in the woods and lanes, evidently without food, and on Monday a searching party discovered a place in the bushes where Hamilton had evidently lain on the previous night.

A watch was kept up but Hamilton was not seen until to-day. Several policemen, led by Sergeant Mulden, went to arrest him. As Hamilton saw the officers approaching, and that escape by flight was impossible, he drew his revolver and said he would kill them if they dared to touch him.

The police made a rush at the desperate man, hoping to seize him before he could use his weapon. Hamilton was to quick for them. He aimed directly at Sergeant Mulden, the leader of the police, and fired. The bullet struck a vital part and the sergeant fell dead.

Before Hamilton could fire again the other policemen were upon him. He made frantic efforts to discharge his weapon and struggled with the ferocity of a madman. But they held him firmly and succeeded in disarming him.

Handcuffs were placed upon his wrists and he was partly dragged and partly carried to the jail in the little town of Warminster. The police are guarding the jail in force for fear of an attempt at violence, as the whole neighborhood is excited by a tragedy unparalleled in Southwest Wilts. Lizzie Adams, whose fickleness was the cause of the death of one lover and the almost certainty that another will die on the gallows for killing Richards and the police sergeant, is in such a critical condition to-day on account of the shock that she may die.

THEY WON THE FIGHT

Decision in Favor of the Toledo Exchange.

The Railroad Companies Must Stop Discriminating Against This Thriving City.

The interstate commerce commission at Washington, in an opinion by Commissioner McDill, has announced its decision of the cases of the Toledo Produce exchange, etc., and Edward Kemble of Boston, against the Lake Shore, Michigan Central, New York Central and Boston & Albany railroads in favor of the complainants.

The question involved is the through rates to Boston as affected by the arbitrary differentials over through rates to New York of 10 cents on first class articles, six cents on second class articles and five cents on the other classes of freight.

The commission decides that the arbitrary differentials now charged are unlawful, and should hereafter be made by adding a percentage to the New York rate on shipments included in the six classes of freight from Chicago and points east thereof, and west of Buffalo, to Boston and other New England points, and that the defendants and other carriers interested be allowed 20 days to show cause why order should not issue commanding them to desist from charging said arbitrary differentials and requiring said rates to Boston and New England points to be made by adding to the New York rate an increase of 10 per cent., and if no such answer be filed that such order be issued forthwith.

INDICTED.

Wapakoneta, April 12.—(Special)—The grand jury which was in session here has indicted Henry Kokenge for cutting with intent to kill, and John Kuntz for cruelty to animals.

READY FOR THE RUSH.

The Sisseton Lands Will be Opened Friday Noon

Watertown, S. D., April 12.—The heart of the Sisseton boomer is exceedingly glad. The reservation, it is announced, will be opened at noon the 15th. The line at the land office has formed, and the boomers are keeping their positions regardless of the chilly nights.

Along the line of the reservation is a scene of activity. There you find the boomer and his family occupying prairie schooners, anll waiting patiently the arrival of Friday noon, when they will participate in the go-as-you-please race for Dakota dirt. The Indians have taken their land in a scattering manner, and those who rush in and begin operations as squatters stand chance of trespassing the possession of some Indian.

ENDED HIS LIFE.

St. Louis, April 12.—Yesterday evening N. C. Cave, of Lexington, Ky., committed suicide in a lonely spot in a western suburb of the city. He fired a shot from a 44-calibre revolver into his head, just back of the right ear, causing instant death. From letters on his person the cause of the suicide is believed to have been ill health and despondency.

RECOVERED.

Troy, N. Y., April 12.—Rev. Peter Havermans, the oldest Catholic priest in the United States, who was seized with a fainting spell on the altar yesterday morning, has fully recovered and is to-day about as usual.

LONG CONTEST.

London, April 12.—The long pending contest for the secretaryship of the Amalgamated Engineers' association resulted to-day in a declaration of the ballot as follows: Anderson, 17,925; Tom Mann, 1,703; Glenny, 727.

FAMINE AND PESTILENCE

Striking Terror to the People of Atlanta.

Russia's Horrors Duplicated in Georgia.

Terrible Suffering in the Heart of a City and No Food, Clothing or Medicine for the Sick.

Atlanta, Ga., April 12.—The Evening Journal says that pestilence and famine exist in the exposition mills factory district as terrible as that in the czar's domain.

The district contains over 200 roughly constructed one and two room frame houses. The bodies of sufferers whom death has relieved, lie in the same room with those whom pneumonia or fever are fast leading to death; who have no one even to hand them a drink of water; who have no clothing or bed covering; who lie about on the floor of the hut, they call a home, and starve and shiver through the bleakness of these dreary days.

There are rooms wherein eight and ten members of one family are stricken down, where pneumonia and fever and measles are at work on their emaciated bodies; where there is no sanitarium, no help, or protection from the city; no medicine; no food; no fire; no nurses, nothing but torturing hunger and death.

"I have been in these slums of New York and other large cities," said Dr. Hawthorne this morning, "but I can truthfully say that I never saw misery or suffering equal to this."

NEARLY A LYNCH CASE.

An Infuriated Mob After a Newark Ball Player.

Newark, O., April 12.—A most fiendish assault was made on 7-year old Edna Alwort by George Stollburg yesterday. He was arrested and the officers had hard work to keep the people from lynching him.

TAUGHT A LESSON.

Trenton, N. J., April 12.—R. J. Cortis, the general agent in New York of the Hamburg-American line of steamers, was sentenced by Judge Green this morning to pay a fine of $300 for allowing aliens to escape from one of the vessels of his company.

WHITEHOUSE NOTES.

Whitehouse, O., April 12.—(Special)—John Hoyle, of Bradner, has been called here by the illness of his aged father.

This place expects to be the junction of the new Wabash road to Chicago.

Wm. Rapp was buried Sunday.

TURNING TO MR. CLEVELAND

Hill's Star Grows Less Brilliant Every Day.

Congressman Mitchell Talks on National Politics at His Wisconsin Home.

Milwaukee, Wis., April 12.—Congressman John L. Mitchell, who was recently elected chairman of the democratic congressional committee, is home on business for a few days.

He says that the Hill move for the presidency is growing less interesting and active every day.

He says politicians at Washington think Hill ruined what chances he had by making his southern canvass, which is generally looked upon as having been in poor taste.

Mr. Mitchell says it is now generally conceded that Mr. Harrison will be nominated and he thinks the race will be between Harrison and Cleveland.

Cleveland is gaining strength daily. Next to Cleveland, Congressman Mitchell regards Senator Vilas as the most available man for the presidency.

SMALLPOX IN NEW YORK

Eleven Cases Found in the Tenement Houses.

Five Additional Cases in Brooklyn—Fears That the Disease May Get Beyond Control.

New York, April 12.—Eleven persons afflicted with small pox were discovered in overcrowded tenement houses yesterday, where hundreds had been exposed

The health officials fear that the dread disease may become epidemic.

The Brooklyn health authorities are also anxious about the disease. Yesterday they discovered five cases of the disease, and they have taken every precaution to prevent its spread.

DESTROYED BY FIRE.

Springfield, O., April 12.—The Winters Print and Lithographing company's plant was destroyed by fire early this morning. Forty thousand dollars' worth of finished lithographs were burned. The total loss is about $60,000; insurance $50,000. This company had contracts for furnishing the Worlds fair lithographs.

BY THE HUNDRED

Were the Negroes Drowned in the South.

Life and Property Swept Away

By the Waters from the Swollen Rivers.

Weeks Will Not Tell All the Damage.

Horses, Mules, Cattle, Men, Women and Children, Both Black and White, Crowd Into One Room With Their Heads Just Above Water.

Columbus, Miss., April 12.—Later advices from the low lands just south of here indicate that over one hundred negroes have been drowned in this county.

It will be weeks before anything like a correct estimate of the loss of cattle can be obtained.

The bodies of horses, mules and cows are constantly floating down the Tombigbee.

For miles on both sides of this river there remain nothing but poverty and desolation.

Dr. J. D. Huthcherson, one of the largest planters in this state, has just returned from one of his plantations in the northern portion of the county, and reports great destitution from the overflow.

He lost seventy-five head of cattle, and one of his laborers, A. K. Keith, living a few miles south, saved his mules and cattle by putting them in the parlor and dining room where the water was only two feet deep.

His family and fifty negroes were in the same story of the residence.

The waters have receded about seven feet and continued to fall slowly last night.

Most of the county bridges have been swept away, and it will be weeks before ordinary traffic will be regularly resumed.

A cold rain has fallen almost constantly since Sunday night.

No fail has been received here since Thursday. Only one body has been recovered.

Every available craft here has been used day and night relieving the sufferers, carrying out food and bringing in the destitute people.

On one small mound there were 40 people, and as many more cattle and mules. On another there were 70 people and cattle by the hundreds.

The negroes on all the lowlands have lost everything on earth they had, and there are hundreds of them here being fed by the city. The white people have been unable to get a negro to do any kind of work towards rescuing other negroes without payment in advance.

Twelve negroes have been drowned within three miles of this city. At points on the river below here the loss of life is very large. The railroads have abandoned all trains westward, and there are many washouts. Their trestles are swept away and all the roads have large forces repairing damages, but it will be a week before trains will be running. There has been no communication before to-day with the outside world since last Wednesday. The waters are receding, but it is again raining. One rescuing party was upset and three negro boys drowned three miles above town. All the others climbed trees and were found. Another rescuing party were upset and spent 23 hours in the trees.

A WAR OF EXTERMINATION

Cattle Stealing Must Cease in the West.

The Ranchmen Are Earnest in the Matter.

Another Battle Rumored and Twenty-Eight People Reported to Have Been Killed.

Douglas, Wyo., April 12.—Sheriff Angus, of Johnson county, has wired the sheriff of Converse county, saying there has been a fight, and directing him to arrest all fugitives.

Yesterday two horsemen came to a ranch near Douglas and tried to exchange their jaded horses for fresh ones. They said they had been with the stockmen's expedition which went north. One of the men had a bullet wound in the arm. They were refused fresh horses and pushed on. Two deputy sheriffs followed, but the trail was lost where the men forded the Platte river. The authorities are now guarding all the bridges and fords on the Platte river west and north of Douglas.

Twenty-eight Killed.

Casper, Wyo., April 12.—A man from Riverside who arrived late last night reports that the 150 deputies of Sheriff Angus attempted to arrest the invading army and killed 28 of them and lost 18 of their own men.

Growing Furious.

Douglas, Wyo., April 12.—Kid Donnelly, of Powder River crossing, brought word last night to Antelope Springs, 30 miles north of Douglas, that the stock men were camped on the Casper road on North Powder river, 60 miles north of Casper. Two men named Nate Champion and Ray were killed on Powder river.

Donnelly reports the rustlers are flying in every direction and attempting to escape from the country. Three of them passed through Antelope Springs yesterday. When Donnelly left Powder river crossing there had been no casualties in the stockmen's party.

Surrounded.

Gillette, Wyo., April 12.—Nate Champion and fifty men are surrounded by 100 men under Fred Hesse and Charles Ford at the T. A. ranch. Two hundred shots have been exchanged. The fighting is done with Winchesters, Indian fashion, at long range. Sheriff Angus and posses, who left Sunday to maintain order, are cut off from town.

A number of men are known to have been wounded and some killed. About forty rustlers have passed through town en route to the scene of battle to help Champion and his men.

WILL CLOSE DOWN.

Reading, Pa., April 12.—Seyfort & Bros.' rolling mill at Seyfort, this county, and Simon Seyfort's mill at Gibraltar, employing 250 and 100 hands respectively, will shut down this week indefinitely, owing to the depression in the iron business.

THE LAW WAS GOOD.

The Supreme Court Sustains the Tennessee Tax Law.

Washington, April 12.—The United States supreme court has given a decision in favor of the county in the case of Charles L. Ficklen against the taxing district of Shelby county, Tennessee, sent here on appeal taken by Ficklen by a decision of the state court.

Ficklen had an office in Tennessee at which he took orders for goods. His business was entirely with firms outside the state and differed from that of ordinary commercial travelers, principally in that he did not travel about soliciting orders, but had an office where he exhibited samples.

A law was passed imposing a license tax of $50 on dealers in merchandise, and also a tax on their capital. Where there was no capital invested, as was the case with Ficklen, it was provided that 2 1-2 per cent. tax should be paid on all commissions secured.

Ficklen paid the license fee and reported his sales during the year 1887, but refused to pay the commission tax on the ground that the business was done entirely for firms outside the state and that the act was void as a regulation of interstate commerce.

When he applied for a license in 1888, it was refused because of the non-payment of the commission tax, and Ficklen sought by injunction proceedings to compel its issuance. In an opinion by Chief Justice Fuller the supreme court held that the supreme court of Tennessee had properly decided against Ficklen.

OUT OF ITS BANKS.

St. Vincent, Minn., April 12.—The river is now over the banks and has begun flooding the towns of St. Vincent and Emerson. The river is now forty feet above low water mark and is still rising and the ice has not yet gone out. A rise of one foot would cover the town of Emerson. The indications are that the disastrous flood of 1886 will be repeated.

DARK LANTERN SESSION

The Great Moral Senate of the United States

Stabs a Trusted Employe in the Back.

The Executive Clerk's Office Made Vacant Without Giving the Man Any Chance to Defend Himself.

Washington, April 12.—After three and a half days spent in executive session behind closed doors and after a stormy debate, the senate yielded to the powerful pressure brought to bear by the committee on foreign relations and vacated the office of executive clerk filled for ten years by James R. Young.

When the doors were closed a definite proposition was taken up. It was to order an investigation of the conduct of Mr. Young who had been excluded from the executive session ever since the Bering sea treaty was laid before the senate.

This was defeated after a spirited contest in which Mr. Manderson freely commented in terms of bitter sarcasm upon the course of the senators who were willing to cast an imputation upon an honorable employe without affording him an opportunity to vindicate himself.

Mr. Cameron presented a letter from Mr. Young in which the latter while signifying his willingness to surrender his office at the will of the senate, and in a plain and manly way requested a thorough investigation stating that if he had betrayed executive secrets, as had been alleged, he was liable to punishment under the law and that he was perfectly ready to abide by the result.

There was much difficulty in getting a quorum, but finally this was secured and the motion looking to an investigation was defeated by a narrow majority. So small indeed was the majority that the members of the foreign relations committee became alarmed and under the leadership of Mr. Sherman, aided by Mr. Hale, they redoubled their efforts to reap the fruits of their victory through the adoption of the alternative resolution declaring the office of executive clerk vacant.

It was stated to the senators, who betrayed reluctance to join in the movement to convict the clerk without investigation that the committee on foreign relations had absolutely satisfied itself of the justice of the proposition.

It was said that if the senate desired to maintain the secrecy of executive sessions the number of employes in whom confidence was reposed must be decreased below the present number and that secrecy had been maintained since the employes had been excluded.

Finally, however, the committee made the matter a personal issue and implied that the senate must choose between its members and Mr. Young, intimating that they would refuse to participate in executive sessions if the clerk was not dismissed. Under this kind of statement, despite the efforts of Mr. Manderson and other advocates of a fair investigation, the junior senators who sympathized with the clerk, gradually weakened and, fearful of incurring the ill-will of the powerful committee on foreign relations, voted reluctantly for the resolution vacating the office, which was carried by about 10 majority.

A Cruel Wrong.

Washington, April 12.—The Post says editorially: "In adopting the resolution which removes Mr. Young, the senate has committed a cruel wrong against a tried and trusted official. More than this it has, behind closeted doors, in the dark and under the cloak of secrecy successfully stabbed at the character of an official by charging him with a betrayal of his trust, and this, too, without allowing him to speak in his own defense or giving him the opportunity by an investigation to exonerate himself from the aspersions which his unknown and ambushed enemies have cast upon him. The right of the senate to remove an official is not denied, but to send him forth with a blackened name, unless the charge is just, is indefensible.

There may come a time in the history of this republic when men holding the high office of senators of the United States will have the manliness not to lend themselves to the virtual assassination of character. It smacks of too much of the inquisition to have a place in this government of the people. The change cannot come too soon."

SWEPT BY A CYCLONE.

Great Damage Done in the West.

The Town of Caddo, I. T., Nearly Wiped Out of Existence—A Wide Wake of Ruin.

Caddo, I. T., April 12.—A terrible cyclone passed over this place Sunday night, sweeping houses and buildings from their foundations, but luckily no one was killed.

Nearly every building in the town was destroyed.

Three persons were seriously injured.

Reports from the surrounding country state that the cyclone did considerable damage, but no deaths are reported. The cyclone wrecked a number of houses in Brookston, Texas.

The path of the storm was about a mile wide and the wind was followed by a hailstorm which did great damage to vegetation and fruit crop.

NEWS FROM FAR AWAY

Crespo Increasing His Forces for an Attack.

Palacio Ready to Desert the City.

He Has Shipped His Family and His Money Away and Is Prepared for the Worst.

Caracas, Venezuela, April 12.—General Crespo has returned and is now intrenched at Valancia. Recruits are coming to him in large numbers, and the struggle in reality has only just begun.

If the present rate of increase in his ranks is kept up he will soon be in a position to begin his long contemplated march upon this city.

The government forces have been ordered to move upon Valancia, but they do not seem to be in much of a hurry to do so. It is more than likely that Crespo will defeat them when they make the attack, and he will then march upon Caracas and endeavor to take the place.

Nearly all of Palacio's men are now in the field and this city is practically defenceless.

Palacio is said to be fully prepared for any such emergency, and at the first intelligence of the serious route of his army he will try to leave the country. He could do so at a moment's notice, for he has transferred the bulk of his wealth to a place of safety and his family is out of danger.

Not Allowed to Land.

Rio Janeiro, April 12.—The steamer conveying the new governor, Ewbank, to the state of Matta Gresso arrived at its destination yesterday, but was not permitted to land. The governor was inform that the artillery at the fort would forcibly resist any such effort.

Chilean News.

Valparaiso, April 12.—Senor Gana has been offered the post of minister to the United States.

Englishmen representing a colony of Britishers owning lands in the department of Victoria in Southern Chile visited their consulate yesterday for information in regard to emigration to California. They alleged that life and property were insecure in that part of the country and that six natives of Great Britain had been murdered during the past year.

FOUND MURDERED.

The Remains of a Girl Horribly Mutilated Found in Pittsburg.

Pittsburg, Pa., April 12.—At 8 o'clock this morning the body of a girl, apparently 17 years old, was found in a lonely spot on a hillside in Schenly park. The body was terribly mutilated, the head being entirely servered from the body. The remains were brought to the morgue and have not yet been identified.

WAS POISONED TO DEATH

A Sensation Created in Pittsburg.

A Report Current That Gamble Weir, Superintendent of Police, Died from Foul Play.

Pittsburg, April 12.—For some days a report has been current that Gamble Weir, late superintendent of police of Pittsburg, was slowly poisoned to death.

It has now been developed that the body was dug up from its grave in Greenwood cemetery a few days ago and the stomach submitted to a chemical analysis.

Those who caused the body to be exhumed were the dead superintendent's brother, County Commissioner J. G. Weir, Dr. J. W. Dickson of Allegheny and Mercantile Appraiser Henry Pfeil, after which the stomach was submitted to Prof. Hugo Blanck for examination.

After an analysis Prof. Blanck found enough arsenic in the stomach to kill several men, it is reported.

It is claimed that the poisonous drug that did its deadly work had been administered to him by slow degrees for several weeks before his death, and that its work was extremely slow.

Henry Pfeil, in a conversation on the subject last night, confirmed the story.

Gamble Weir was reported to have died of stomach trouble, and on the night of his demise he was reported to have suffered terrible agony.

INDIANS TAKE A HAND.

They Are Off Their Reservation and Are Stealing Cattle

Cheyenne, Wyo., April 12.—A special to the Sun from Douglas says a band of Crow Indians have left their reservation and have taken a hand in the cattle war, running off cattle and horses and helping the rustlers in every possible way.

FOSTORIA.

Notes of Interest from a Pretty Little City.

Fostoria, O., April 12.—(Special)—Fire almost totally destroyed the building owned by H. Kirschner and used by him for a residence and grocery. The grocery is a total loss, while almost all other effects were destroyed by smoke and water.

The case of Levi Lambright, of this city, vs. the Nickel Plate railway for damages, will be heard for the third time in the courts at Tiffin this week. He was awarded $10,000 at the first hearing and $11,000 at the second, but the Nickel Plate seem bound to fight payment of the judgment.

DIVORCE COURT.

Wapakoneta, O., April 12.—(Special)—Yesterday the common pleas court of this county convened with Judge Day, of Celina, on the bench. The docket contained the following divorce cases:

George W. Betts v. Mary J. Betts; Barbara Williams v. John Williams; Julia Suchland v. John Suchland; Louisa Amstutz v. August Amstutz; Emma Anderson v. Edward Anderson; Malinda E. Slife v. George W. Slife; William Ekermeyer v. Elizabeth Ekermeyer; Mary G. Bates v. Baron D. Bates.

TRUCK AN OILER.

St. Mary's, O., April 12.—(Special.)—One of the best oilers completed in this field for some time was drilled in this morning on the John Armstrong farm, south of town.

A two hundred and fifty barrel tank was filled in a short time. It is claimed to be good for six hundred barrels daily.

STUMBLED OVER HIS NAME.

SENATOR BURNS

Of the Twelfth Ohio Senatorial District Makes a Strong Statement.

A Case That Dates From the Late War and Illustrates the Success In Cases of Long Standing.

The following statement from Senator Thomas A. Burns, who represents the Twelfth senatorial district in the present Ohio legislature, will be read with much interest by the senator's many friends in this city and vicinity. The statement is in his own words and over his signature:

"While in the federal service in the winters of 1861-62, I contracted a heavy cold, which brought on pneumonia and resulted in disease of the lungs and throat. From that time until my term of service ended, November, 1865, I was more or less affected. Just after my return from the army I had profuse hemorrhage of the lungs, which has occurred at intervals several times. About 1874 I was attacked with catarrh of the throat and lungs, and gastric catarrh of the stomach, which prostrated me for thirty days, so that I was not expected to recover. In the fall of 1881 I had another attack of catarrh of the head and throat which produced gathering in the head; entire deafness of the left ear; soreness of the throat and trachea, extending to the lungs, with profuse discharge from the nose and throat. In this condition three eminent physicians despaired of my recovery, and told me that I would have to procure other medical assistance, as they could do no more for me. I applied to a prominent physician of Cincinnati, specialist for throat and lung diseases, who gave me treatment, and I think did me much good, and I believe would have effected a cure had his diagnosis discovered the true cause of my disease. I have been treated for twenty years past by three very eminent physicians at my home, and to whose medical skill I give the honor affording me temporary relief.

"The first of January, 1892, seeing Dr. Copeland and associates' notice of treatment for catarrh and lung diseases, I called on them at their offices. Their diagnosis was so thorough that I was convinced that they had discovered the true cause of my debility. At my second visit the doctors removed from the nasal passage of the left side a polypi tumor larger than a quail's egg, and from the right side a tumor about half the size of the other. The operation was performed without pain or other inconvenience, and did not necessitate an hour's loss from business.

"I have been under the doctors' treatment for two months. Since the removal of the tumors or polypi I have experienced no trouble at all with catarrh of the head. My throat has not been sore since the operation. My general health is much better than it was before the treatment, and I feel greatly encouraged and that I shall not experience any further trouble with nasal catarrh.

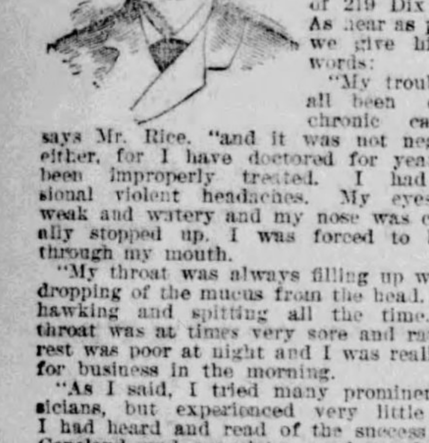
"I want to say this is not a paid statement, but given for the benefit of any who may be likewise suffering.

"Dr. Copeland's charges to me were $5 per month and no more."

THOMAS A. BURNS.

Mr. Rice's Case.

It is rarely that the specialist, whose observation covers a wide range of throat and lung troubles and whose experience brings him in contact with many of the serious and desperate cases resulting from neglected catarrh, sees a more pronounced case and one more typical of what head and throat trouble, if neglected or not properly treated, may develop into, than the case of Mr. Ancil G. Rice, of 219 Dix street. As near as possible we give his own words:



"My trouble has all been due to chronic catarrh," says Mr. Rice, "and it was not neglected, either, for I have doctored for years, but been improperly treated. I had occasional violent headaches. My eyes were weak and watery and my nose was continually stopped up. I was forced to breathe through my mouth.

"My throat was always filling up with the dropping of the mucus from the head. I was hawking and spitting all the time. My throat was at times very sore and raw. My rest was poor at night and I was really unfit for business in the morning.

"As I said, I tried many prominent physicians, but experienced very little relief. I had heard and read of the success of Dr. Copeland and associates, and concluded to give them a trial. I did so with the result that my pains, aches and other troubles are all gone. The change in my condition is such that I unhesitatingly recommend Dr. Copeland and associates to all who suffer as I did."

Nasal Polypi Described by a Patient.

"I had been troubled for a number of years," said Mr. George Hoffman, of 107 Empire street. "My head and nose was completely stopped up and I had to breathe through my mouth. This was due, in a measure, to the accumulation of mucus, but more especially to a number of polypi tumors which filled both nostrils. I had treated with a number of physicians but none of them discovered the tumors. Some time ago I called on Dr. Copeland and associates, and placed myself under their treatment. They immediately removed seven polypi tumors and I was able to breathe through my nostrils, something I had not done in years. They then treated my catarrh, and I am happy to say I am feeling better to-day than I have for years. The removal of the tumors was without the slightest pain or loss of blood. I cannot recommend Dr. Copeland and associates too highly."

Results In a Case Treated by Mail.

Portage, O., Feb. 9, 1892.

Copeland Medical Institute, Toledo, O.:

Gentlemen:—Since taking your treatment for catarrh, I am very much better. My general health is much improved, my sense of smell has returned. My case was a chronic one and will require time. I am greatly encouraged and anticipate a complete cure. Refer anyone to me.

Yours respectfully,

N. C. BESANSON.

A Prominent Real Estate Agent Tells of the Removal of Twenty Polypi Tumors.

Among the many prominent real estate agents in Toledo, none are more popular or more favorably known than Mr. J. J. Sumner, whose offices are at the corner of Superior and Madison streets, and who lives at 721 Prouty avenue. Mr. Sumner tells of his experience with Dr. Copeland and associates as follows:

"I had catarrh for a long time. My nose stopped up so that I could breathe only with great difficulty. In damp weather I could not breathe at all. I suffered from terrible, racking headaches. I often thought my head would burst with the throbbing and the pain. There was a constant flow of mucus from my nose, and my eyes became sore and watery. I did not sleep well, and I found that I was losing my sense of smell. I was most distressed, however, about my voice, which changed in tone until it sounded as if I pinched my nose with my fingers while talking.

"I was quite in despair, when after reading the testimonials of the patients of Dr. Copeland and associates I determined to make a trial of their treatment. I accordingly went to the Copeland Medical Institute, and it was only a short time until I began to breathe through my nose, until the headaches disappeared and until the polypus growths were removed. I can now hear the natural voice that has returned to me, much to my comfort and delight. I sleep well and I feel well. I have only one fear, and that is that the polypi may return, so I have concluded to continue the treatment for another month, at the end of which time I shall be forever rid, I hope, of the complaint that for four years made life a burden to me. I am glad to add my small tribute of praise to the splendid work of these physicians."

PRES. FRANK COLEMAN

That's the Way it Will Go for This Year of Our Lord,

According to the Decision of the Council Board.

Over Two Hundred Ballots Taken—Democrats Present a Solid Front—Schmuhl Jilts the Republicans—How the Fight Progressed.

The board of councilmen indulged in a great battle last evening for the presidency of the board, and the fight was long and stubborn. After the first few rounds it resolved itself into a contest of endurance and the democrats held out the longest. After several hours of balloting one republican, Mr. Schmuhl, weakened and voted for Mr. Coleman and that gentleman was elected president.

Before the boards met there were many rumors afloat as to what would be done, but as predicted in the Bee last evening Mr. Lee was the candidate for the republicans and Mr. Coleman for the democrats.

The republicans hoped to hold out for their man and so obstruct the organization of the board until the democrats would be forced to make them some concessions in order to elect a president. The best offer they could get from the democrats, however, was a member of the board of equalization, and this the republicans refused to accept.

They tried hard to get the democrats to concede the harbormaster or some other important city official, but the majority refused this and were a unit in the resolve to stand together against the republicans, who had never made any concessions when they were in power. As a result the republican forces weakened, when it came to a matter of staying in session all night, yet they gained nothing whatever.

A lobby of over two hundred spectators witnessed the opening exercises and watched the ballots up to one hundred, but the councilmen tired them out, and as the evening progressed the visitors thinned out considerably, though there were over one hundred on hand when the contest concluded.

Among these guests were the usual crowd of council visitors, or contractors and others, besides a number of aldermen, ex-members and city officials. Among these were Messrs. P. H. Dowling, Harry Dowling, August Machen, Geo. E. Lorenz, Railroad Commissioner Kirkby, Herman Baumbach, John S. Kountz, Harbormaster Skeldon, Police Prosecutor Wheeler, Street Commissioner Bower, Police Commissioner Stager, August Kruse, Fred Kumler, Henry Ernsthausen, Squire James Austin, jr., Police Clerk Fogarty, Capt. McMaken, County Auditor Jones, Treasurer Hunter, Surveyor Wilhelm, Workhouse Director Wendt, Gas Trustees Greene and Voit, Horace Merrill, M. C. Sullivan, and many others, and all took a lively interest in the contest.

The outgoing board met first and finished up their business, passing the claim ordinance, and several resolutions to confirm contracts.

Mr. Gill presented a resolution for a sewer in southeast Cherry street, which was adopted.

On motion of Mr. Pheatt the board adopted a resolution thanking the president, city officials and press for their treatment of the board.

Mr. Schmuhl presented a resolution directing the harbor master to keep closed the bridge over Swan creek on Erie and St. Clair streets, between the hours of 6 and 7 in the morning and evening. This was referred to the new board.

After a brief address from President Hassenzahl, the board adjourned sine die.

The New Board.

Before the new board was called to order the democrats held a caucus and unanimously decided to support Mr. Coleman for the presidency and to fight it out.

The republicans were somewhat delayed by the tardy arrival of Messrs. Miller and Taylor, but when they put in an appearance the republicans immediately went into caucus and decided upon Mr. Lee as their candidate for presiding officer.

At 9:15 Mayor Emmick called the new board to order, and Messrs. Coleman, Daly, Felker, Hake, Manchester, Miller, Schmitt, Walker and Lee, the newly elected members, stepped to the front, presented their certificates of election and took the oath of office.

All members were present and the new roll call reads as follows: Coleman, Daly, Doner, Felker, Gill, Hake, Lee, Manchester, Miller, Morris, Neuendorf, Rutherford, Schmitt, Schmuhl, Swain, Tanner, Taylor, Walker.

On the first ballot all of the Democrats voted for Mr. Coleman and all of the Republicans for Mr. Lee. This making a tie, there was no choice and the balloting was kept up with monotonous regularity for nearly four hours, during which time 245 ballots were cast.

This had been going on for an hour and 130 ballots had been taken when Mr. Schmuhl moved that a recess be taken for 15 minutes. The Democrats objected to this and voted it down. It was evident that they had resolved to fight it out on the one line and bravely they stayed by their candidate without a flinch.

The Republicans were restless, and before 12 o'clock had made three motions to recess, but all were lost.

Finally, at 12.15 Mr. Schmuhl again moved for a 15 minute recess and as all the members were tired and hungry, the motion prevailed.

A lunch was brought in and after this had been devoured the members again took their seats with renewed determination to fight it out, as the two sides had been unable to get together and make any compromise.

At 12:40 the roll call started again, but when Mr. Schmuhl's name was called he created a tremendous sensation by rising to his feet and, after making the statement that this thing had gone far enough, voted for Mr. Coleman.

This came like a thunderbolt to the republicans, and the democrats were also somewhat astonished, but when the truth of the matter had dawned upon them and the democrats among the spectators, a cheer long and loud went up from all, and the clerk was obliged to stop in the call of the roll.

When the applause subsided the call was finished and Mr. Coleman had 10 votes to Mr. Lee's 8.

Mr. Coleman was then called to the chair by Mayor Emmick, who had been presiding over this tiresome session, and the new president occupied his seat for the remainder of the session.

Mr. Schmuhl was then elected vice president, he receiving the vote of all the democrats except Mr. Schmitt, but Mr. Lee voted for him, and he received nine votes. Mr. Lee received four votes and Mr. Morris five.

The hour was late, but Mr. Manchester had a resolution to permit property owners to construct a sewer in Boalt's addition to connect with sewer 182. This was adopted and the meeting adjourned at one o'clock.

What the Brilliant Cityites Busy Themselves With.

Another Divorce Proceeding Filed—Seekers After a Fortune—Miscellaneous Mention of General Interest.

Findlay, O., April 12.—(Special)—About sixty people, the most of them related, held a meeting in this city yesterday to take steps to secure their portion of a vast fortune left by August Kerns, a bachelor, who died in Holland. The funds, it is said, are in the hands of the treasurer of that county.

Eastward Bound.

The surveying corps of the Tangent line—the Findlay, Ft. Wayne & Western R. R.—left yesterday for Greenwich, Huron county, a small station on the Big Four. They will run an air line to this city to connect with the line now in operation from this city west to the Mackinaw R. R. near Indiana state line. Before the close of the present year the company expect to have the line completed and in operation from Greenwich to Ft. Wayne, a distance of about 150 miles. Everything done by the company is being executed in first-class style.

Divorce Wanted.

Geo. W. Egts has relieved the monotony in divorce court proceedings by applying for a divorce from his wife, Martha Jane Egts, who is now traveling around the country among the museums, where she is known as Santanalla, "The Fire Queen." The parties were married in Cleveland in 1876 and have two children.

TAR IN THE ARTS.

In the preparation of tar, pine wood, which is unfit for use as timber, is usually employed. It is cut into billets of a suitable size, which are arranged into large conical stacks, or, as is sometimes the case in Europe, are closely packed in clay furnaces of a suitable shape. The stacks or piles are covered with a layer of earth and ignited above, and the draft is regulated so as to sustain a slow combustion without flame. The tarry products, as they are formed, gradually descend and collect in a cavity at the base of the pile. The tar obtained by slow combustion as described above, is largely employed in the arts for various purposes, and when divided into its constituent parts is in one form or another daily prescribed by the best physicians. It has long been known for its great anti-septic and healing qualities, and for external use has been prepared by Messrs. Jas. S. Kirk & Co. in a most convenient and delightful form, in their Dusky Diamond Tar Soap. In this form it should be classed among the necessities of every household. It is equally desirable for the delicate skin of the mother and the baby or the hardened cuticle of the workman, keeps the skin soft, clear and healthy, is a sure cure and preventive of dandruff, and, used once a fortnight by ladies for shampooing, adds length, lustre and strength to their hair.

LORD & THOMAS.

A few weeks since among the list of corporation licenses, issued by the secretary of this state, was one issued to Messrs. Lord & Thomas.

This advertising firm has become incorporated for the primary object of giving employes that have been with them a number of years an opportunity to become interested in the business. This cooperative feature has become popular with some of the larger firms in our city, and has proved a profitable move on their part. There is no doubt the same success will follow Lord & Thomas. They have made a name which is a synonim of honest and fair dealing, and their business has grown to large proportions.—Chicago Tribune.

A correspondent to Practical Farmer says: Few farmers know that a fine crop of ruta-bagas can be grown on the potato patch. The old way is to sow strap leaf turnips; but I think one bushel of ruta-bagas worth four of turnips. On a half acre of potato ground, after last hoeing, I sowed two ounces seed of Purple Top Swede, and when digging the potatoes, I was careful to hoe the dirt around the roots. It did not take four hours longer in digging the half acre. I have taken from that patch 100 bushels of fine potatoes and seventy-five bushels of ruta-bagas. This is better than raising a lot of watery turnips.

Nobody will suffer with liver or kidney disease if they take Simmons Liver Regulator.

Corn will grow chickens more rapidly than any of the other grains. This has been demonstrated with a number of Langshan pullets. Part were fed oats and wheat, the others exclusively corn. The latter are ready for laying now, while the former show no signs yet. Not that corn is an egg-making food, for it is not, but it brings the pullets up to the egg-laying period earlier, while the wheat and oats keep her at the work of frame and flesh-making longer.

A sore throat or cough, if suffered to progress, often results in an incurable throat or lung trouble. "Brown's Bronchial Troches" give instant relief.

MR. BARNES OF NEW YORK

At Wheeler's and One of the Bravest at the People's.

The Former Was Presented by a Good Company—Chas. H. Hoyt's New Play to be Presented at Wheeler's.

A fair-sized audience witnessed Mr. Barnes of New York at Wheeler's last evening. In many ways it was an excellent performance. If the scenery had been a little better no fault could have been found with the performance. The acting of May Wheeler as Marina Paoli, the Corsican girl, was really grand. It was a most difficult character—one that cannot fully be understood without reading the book; portraying as it does the half wild nature of the Corsicans that at times breaks through the veil of modern civilization. Miss Wheeler is a talented woman. Hugo Toland as Mr. Barnes of New York was good—manly, finelooking, an earnest actor who can appreciate an opportunity for a touch of comedy. Sheridan Block as the Count was also excellent. The same could be said of Lola Bertelle, Emma Field, Rose Snyder, H. C. Brinker and Percy Brook who, by the way, was very funny as the French railway guard.

The play is in five acts, and although it opens up mildly the interest increases rapidly and the last two acts are very strong. Barring a few minor details, it was a good performance and deserves a good house this evening, when it will be repeated at Wheeler's.

At the People's.

A fair-sized audience greeted Charles McCarthy in One of the Bravest at the People's last evening.

The production is a graphic description of a fireman's life in a large city, presented in a realistic and life-like manner. Nothing has escaped the management relative to the introduction of new features to add to the success and interest of the piece. One of the Bravest is always a welcome visitor to Toledo, and each time a splendid improvement is noted. The fire scene, the run of the department, consisting of a regulation fire engine and hose wagon, drawn by a team of three horses each, is as true to life as it is possible to present on a stage.

The cast is an excellent one and strong in every particular. Charles McCarthy as Larry Howard, is an old time favorite and never fails to please. Wm. Cronin as Mrs. Grogan, a typical Irish woman, is excellent, and he made abundance of fun. Harry Parker as Buster Kelly, gives a true representation of the New York thug, and he has the character down fine.

The little La Martine children are fine, and the audience was theirs from the first act. Their singing and dancing would do credit to older heads. There is plenty of good singing all through, and J. Herbert Mack, in his characteristic songs, made a hit. He had better drop "Job Lots." One of the Bravest will pack the house all week.

Hoyt's New Piece.

Next Monday night will be an important event in the theatrical annals of this city when Mr. Charles H. Hoyt will personally produce his latest play at the Wheeler opera house, entitled A Temperance Town. The name of Hoyt is synonymous with laughter and as he has already written nine successful farces and never scored a failure, it is reasonable to suppose that A Temperance Town will meet with all the favor its predecessors have.

The piece has already been produced in a number of important cities in the east and everywhere has been heartily indorsed by both press and public. It is a satire on the temperance question relative to the prohibition laws that exist in a number of the eastern states, but the theme is so delicately handled by the author that it amuses without giving the slightest opportunity for either side to take offense.

A number of well known players are in the cast, namely: Eugine Canfield, who will be remembered for his grins in a Bunch of Keys, Rats, in a Tin Soldier, Martin Tripp in A Midnight Bell, Miss Elsie Lombard recently with the Vakes company, and Nat C. Goodwin, and such sterling actors as R. J. Dillon, Wm. Cullington, Geo. Ober, W. H. Curry, John Hague and others.

It gives us pleasure to refer to the advertisement of Dr. W. H. Tutt which appears in our columns. For over twenty-five years Tutt's Pills have been before the public, and each succeeding year their valuable properties become better appreciated. They now stand second to none for the relief of that much abused and overtaxed organ, the liver, and for the removal of that cause of so many ills, constipation. They are used in every civilized country, and carry with them voluminous testimonials of their safety and efficacy. Tutt's Liver Pills should have a place in every household.

George Carraher threw himself in front of a rapidly moving passenger train at East Liverpool and accomplished his purpose in good shape.

To counteract the desire for strong drink take Simmons Liver Regulator.

To-morrow evening at the residence of Mrs. Morgan, corner of Nineteenth and Washington streets, a social will be given by the ladies of the Church of Our Father. Refreshments will be served and various amusements have been arranged. A pleasant time is expected.

THE CANOE CLUB

Took in a Number of New Members Last Evening.

A meeting of the Toledo Canoe Club was held last evening. The following new members have been admitted: Louis Seaver, Frank Smith, Jesse Heath, Sam Davis, James Prior, H. Gunning, F. Merry, George Lectre, John Blauser, and E. Rials. The club expects to have a sason of rare sport.

BIG PRICE FOR BANK STOCK.

Geo. A. Braun Pays 310 for Some Second National.

Bank stock is flying high in Toledo just now. Geo. A. Braun, of Bostwick, Braun & Co., has purchased of Frank J. Hoag 20 shares of Second National bank stock at 310 a share. This is the highest price ever paid for bank stock in Toledo.

Mr. Hoag bought the stock a few months ago at 302 1-2. The stock cannot be touched now for less than 310, and some hold it higher.

THE HORSE SALE

Progressing Under Favorable Circumstances at the Expo Grounds.

A large crowd of interested horsemen went out to the fair grounds this morning to attend the Newton & Carter horse sale. Several fine pieces of flesh are in exhibition, and alll will likely be disposed of before the sale closes on Thursday. More or less of the time this morning was spent in making examination, and bidding will likely commence in earnest this afternoon. Better weather could not be had.

LET THE FENCES ALONE.

Temporary Injunction Entered in a Suit Filed in Common Pleas.

In common pleas court to-day John E. Dager et al filed action against George Schramar to quiet title. Dager in his petition claims to be the owner and in possession of 10 acres of land, section 21, township 9, south of range 7, and that the defendant, who claims an interest in the property, threatens to remove the fences. A temporary injunction was granted restraining such action.

THE UPPER BOARD

Of the Municipal Legislature Will Meet Wednesday Evening.

The new board of aldermen will meet to-morrow evening for organization, but there will be no such contest as occurred in the council board last night. Alderman Hartford, of the Sixth ward, is the democratic candidate for president, and will be elected on the first ballot.

A joint session will be then be held as soon as practicable, probably Friday evening. Such a meeting cannot be held Thursday, as it is necessary to give 24 hours' notice a joint session.

FOR PERSONATING AN OFFICER

Fred Scott, of Norwalk, is Arrested and Jailed.

Fred Scott, a tough character of Norwalk, was arrested yesterday by United States Deputy Marshal Latimer and jailed here on the charge of personating a revenue officer.

Scott is alleged to have visited a Tiffin saloon keeper, and finding some slight infraction of the revenue law, compromised the case for $10.

The saloon is run by a woman and she had only $5, which she gave the alleged detective. She claims to have given $3 later. Scott will have a hearing before the United States commissioner Thursday.

CERTIFICATES GRANTED

To the Successful Ones in Prof. Demmon's University Extension Course.

Examinations in English literature were held in High school hall on Saturday last, and certificates have been issued to five ladies, named as follows: Marie Hibbard, Mary McGuire, Sarah B. Hayes, Virginia B. Nauts, Ella L. Hayes. The marks range from 97 to 90. Six papers must be submitted to insure the granting of certificates. Twenty-four joined the class: seven presented one paper only: 12 others four, three and two apiece. Of the 17 names mentioned (as presenting more than one paper) 15 are ladies and two are gentlemen. Prof. Demmon speaks of the high degree of merit of all the papers submitted and regrets that all had not completed the course.

EX-CATHEDRA

Statement From Columbus on Griffin's Congressional Aspirations.

In the Cincinnati Commercial-Gazette's Columbus correspondence yesterday appears a review of the many names mentioned as candidates for secretary of state. The following reference to Mr. Charles Perseverance will be in the nature of a tip to the gentlemen in and about Toledo who have a bee in their bonnets:

"Hon. Chas. P. Griffin, of Toledo, the leader of the republicans on the floor of the state house of representatives, has been talked of in this connection, but it is understood that Mr. Griffin expects to go to a wider field of labor in the national house from the new Ninth district, and firmly believes that it is not the right thing for any one man to endeavor to hog everything in sight."

GOOD FISHING REPORTED.

Major Leflet Has Hustled Violators of the Law Out of Business.

Major Leflet is to be congratulated for the good he is accomplishing in keeping the nets out of Ten Mile creek, and fishermen should tender him a big supper for his efforts to maintain the sport at the creek.

The major has not only been instrumental in the raising of the nets in the creek through Lucas county, but he has enlisted the co-operation of the state game warden of Michigan, who has taken steps to prevent net fishing in the creek and marshes above, and any lover of the sport knows the good thus accomplished. Fishing at present is much better than it has been for years this early in the season. A great many sunfish and perch are being taken, as well as quite a few rock bass and pike.

VERMILLION BOUND OVER

On the Charge of Mailing Objectionable Literature.

Yesterday afternoon Hiza Vermillion, arrested at Kenton some time ago on the charge of sending an obscene valentine to Miss Hatfield, of Belle Center, Hardin county, had a hearing before U. S. Commissioner Beckham. He stoutly denied the charge, but his writing seemed to be the strongest evidence against him, and he was bound over in $500 to the June term of the United States grand jury. He gave the necessary bond and was released.

ENRIGHT PROPERTY SOLD

It Goes Cheap at the Federal Court Sale To-day.

Special Master Wade to-day sold in the federal building three of the four sections of the M. J. Enright property, under the order of the court.

The first lot, comprising 26 2-3 acres in Oregon township, about two miles from Ironville, was sold to Samuel Hall at $2,150. It was appraised at $2,000.

The second and third went to Detwiler & Co. for $1,810 and $1,075. The second is 25 feet between Adams and Empire, near Fifteenth street. The third, on Washington, at the head of Fourteenth street, is a triangle, and was appraised at $1,500.

The sale of the fourth lot, located on Michigan between Bush street and Stickney avenue, was postponed until this afternoon.

SOME NAPOLEON MEN

Conclude Not to Do Any Painting in Toledo Just Now.

"Nothing new," the master painters say. "Nothing new," the journeymen painters say. Both sides appear to be taking the strike very easy. A number of the bosses are at work themselves, and the union men are going around on committees urging painters, wherever they find them, to quit work and join the union demand for increased pay. Quite a number have gone so, but the number at work, in various parts of the city, also appears to be on the increase.

The men who are really missed by the employers are the paper-hangers. The latter could be kept busy, while for painters, especially for outside work, there is really very little demand at present.

It is said at union headquarters that five men from Napoleon whom Wales & Thorspeck put to work yesterday joined the union last night and went home this morning. A call was made upon the firm, and their representative said that they have no men at work to-day.

MOTHER GOOSE CARNIVAL.

To be Given by Toledo Lodge, Knights Pythias.

The members of Toledo Lodge, K. of P. and their friends will enjoy a Mother Goose Carnival on the evening of Monday, April 25, at the Pythian Castle. Mother Goose will be out in all her glory, and the various characters will no doubt put on their spring dresses, tra la, in good shape. Other attractions, such as music, cards, etc., will be provided, and on the whole an elegant time is anticipated. The committees appointed for the event are as follows: Arrangements—M. D. Avery, C. E. Chittenden, J. H. Platner; invitation—J. D. Batch, A. J. Marker, C. O. Downs; entertainment and floor—Miles Jennings, C. B. Bargman, M. D. Avery, C. E. Chittenden, Wm. Beatty, L. Hartson, J. D. Batch, J. H. Tripp; ladies on entertainment—Grace Chesebro, Mrs. M. D. Avery, Mrs. M. McCarrick, Mrs. Rowland, Mrs. A. J. Marker, Mrs. J. H. Platner, Mrs. J. D. Batch.

TWO MINISTERS' WIVES

Have Gone to Their Reward—Mrs. T. L. Wiltsie and Mrs. D. F. Helms.

The sad intelligence comes to Toledo this morning of the death of Mrs. T. L. Wiltsie, wife of the pastor of Trinity M. E. church, at Lima, and also of Mrs. D. F. Helms, of Wauseon. The former passed away early to-day, and the latter at midnight.

Mrs. Wiltsie has been an invalid for years. Mr. Wiltsie has made many changes in the hope of benefiting her health, but all to no purpose. The deceased was 45 years of age, and leaves a large family to mourn her loss. Mrs. Wiltsie is well known in Toledo, her husband having been pastor of Broadway charge for three years, and also of St. Paul's. Funeral services will be held Thursday afternoon at 2 o'clock at Lima, and it is likely a number will attend from Toledo.

Mrs. D. F. Helms has been ailing for some time, but her death was not expected. She was the faithful helper of her husband in his ministerial labors, and her loss will be sadly felt. Four children with her husband survive. Funeral will occur at Wauseon Friday morning at 10 o'clock, and the members of Toledo district are requested to attend as far as possible.

PRESIDENT TROST.

How the Young Member from the First Wants It to Appear.

Now that the election of presiding officials of municipal boards is on, the educational Solons are not without their troubles, on account of the ambitions of the younger blood. The veterans have always been rather staid, and the introduction of politics has usually been tabooed, an agreement satisfactory to all concerned being reached. The boys want to get out of this rut, so called, hence George Trost, the youthful member from the First, would like to succeed President Hubbard, and is doing a skirt dance among the members to attain such result. Many combinations are suggested by the young gentleman, all of them with Trost at the head for president, but the unfortunate thing for him is that he has proposed to give the position of treasurer to all who will consent to vote for him, when only one can hold the office.

The board stands five republicans to four democrats, but the old members with some of the new ones, will likely agree on a slate which will be put through. Either Mr. Zirwas or Mr. Hubbard will preside, while it is thought Mr. Sam Kohn or Mr. Boice will be treasurer.

In any event, however, there is no one who admits that Trost will be the president.

THE HISTORICAL EVIDENCE

Of Man's Origin, Development and Primitive Life.

All seats taken and chairs in the aisles was the condition in High School hall last night when Prof. Wright rose to address his audience on the all-absorbing topic. The lecturer believes that Nature is not uniform in its operations. The future conforms to the past in a measure. Instead of gradual changes we observe paroxysms in nature. Although there may have been a slow, steady preparation, the climax comes in catastrophe. The progress of mankind like revolutions in nature, is paroxysmal.

It is said "where written records cease, the history of the human race becomes a department of natural science." The earliest historical records are found in the valleys of the Nile and Euphrates. Each was a great literary center 2,000 years B. C. The great pyramids of Gizeh were built 3,700 years B. C. Sargon, the first founder of Athens, is the earliest historic character—written of in inscriptions, 3,280 years B. C. The high degree of civilization, the study and achievements of science and art in ancient Egypt rivaled what the world boasts of to-day. The wonder is that the wisdom of Egypt, authenticated earliest records and imperishable monuments, did not overflow the world. Times move in cycles. The Germanic nations borrowed from Rome, Rome borrowed from Greece, Greece from Egypt and the Orient. From what source came this advanced state of civilization to Egypt, is still the unsolved problem. The topic of the lecture Saturday night next will be the evolvement of language; Monday next, the Glacial Period, with illustrations. The student cannot afford to miss one of the series.

FIRST GAME OF THE SEASON.

Toledo to Play a Picked Nine at Auburndale.

The Hustlers, of this city, will play the Toledo club a game of ball on the Auburndale grounds to-morrow and Thursday, in order to give them a chance to limber up a little before going up against Columbus on Saturday.

The Hustlers will have a strong team in the field and will make the boys play hard.

The team will be as follows: J. Blue, pitcher; P. Bolan, catcher O. Pecord, first base; J. Mack, second; J. Judge, shortstop; T. Russell, third; D. Robison, left field; W. Smith center field; O. McCrea, right field; substitute, D. O'Brien. Game will be called at 3 o'clock and Tom Nicholson will be in charge of the Toledos.

PERSONAL.

Mrs. Dr. Lungren is seriously ill.

Miss Florence Fisk is in Ann Arbor.

Col. Babcock has returned to Chicago.

Mr. and Mrs. M. V. Barbour will go abroad.

Mr. Bert Pearl, of Findlay, is in the city.

Mr. and Mrs. W. A. Gosline are in Boston.

A. K. Hoff and son went to Clyde yesterday.

Mr. E. A. Goodnow has returned from New York.

Mr. H. P. Crosby has returned from Marion, O.

Mr. and Mrs. F. W. Holmes have returned to Lima.

Miss Mary Hollister will be among the tourists abroad.

Mrs. M. C. Warne will visit Chicago friends in May.

Miss Maud Eley is entertaining a number of her friends at a 5 o'clock tea this afternoon.

Miss Elizabeth Kellogg went to Toledo this morning to visit three or four days with her aunt, Miss N. C. Kellogg.—Norwalk Reflector.

Messrs. Geo. Vrooman and M. Loenshal have been appointed delegates to go to Washington and make arrangements for Volunteer post during its stay in the city.

Gertie Repsas, of Toledo is visiting with relatives here for a few days and wil take part in the entertainment in the opera house Tuesday evening, by the Epworth League.—Bowling Green Sentinel.

Miss Blanche Noteman, remembered in Toledo as "the child elocutionist," since a graduate of Mrs. Lucia Julian Martin's Indianapolis school and of Mrs. Noble's post-graduate course in dramatic study, has signed her first engagement with an eastern dramatic company which will make a tour of the summer resorts of the east and north.

Mrs. Peters, of Columbus, O., is visiting Mrs. W. G. Alexander. She was the guest of Forsyth Relief corps at its regular meeting this afternoon. Mr. Peters, who came with her, returned to Columbus this morning. Mrs. Peters was one of the ladies who had the pleasure of an acquaintance with Lady Somerset during her recent tour in this country, and chats very entertainingly of the distinguished Englishwoman who made so many friends in America.

WILL MAKE NO CHANGE.

London, April 12.—In the house of commons to-day the president of the board of trade said it was not thought necessary to make a change in the board of trade returns in order to prevent American goods coming through Canadian ports from being classed as Canadian and vice versa. The question of origin was easily ascertained and the present practice was sufficiently accurate.

EPPS'S COCOA.

BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—"Civil Service Gazette."

The Bee

Mr. W. H. Gavitt, of Delta, should not be lost sight of in casting about for a republican candidate for congress. The heroic work in Brigham's lost cause two years ago should not be forgotten.

The new board of aldermen will meet Wednesday night for organization. The board being democratic the organization will be democratic. The joint session of the boards of council and aldermen has not yet been called.

The inquiry as to whether any existing treaty with Great Britain prevents the building of war ships on the great lakes is commendable. A portion of this work for the government might well be diverted to such of our lakeport towns as could undertake it.

When the Blade bragged about its exclusive items yesterday, republicans were astonished that not a word was printed in the organ about the meeting of the republican central committee, which was held yesterday. Didn't know a meeting was held, probably. Of course the Bee printed it.

One day last week 92,000 cases of refined petroleum were shipped from New York for Shanghai. In the event of American oil being excluded from China, the latter country will look to Russia for a supply from the oil wells of Baku. When the Trans-Siberian railway is completed, Russia will be a competitor for our oil trade with China, even if we are then on trading relations.

Along with the announcement that the democrats of Pennsylvania meet in state convention on Wednesday to open the campaign, it is interesting to read such dispatches as this from Reading:

The puddlers at McIlvaine & Son's plate mill, this city, were to-day reduced from $3.75 to $3.50 per ton, and next week Seifert's two rolling mills, employing 300 hands, five miles below Reading, will close down indefinitely.

Never again in the memory of any of the living generation of workingmen will protection have a walk-over in Pennsylvania.

The American Grocer having taken a stand against the removal of the duty on refined sugar, because the duty equalizes the difference betwen the price paid labor in the United States and old world countries, the New York Commercial-Bulletin calls attention to the fact that "the rate for labor fixed by the trust is so low American workmen will not accept it, and the trust is, therefore, forced to import Hungarians and Poles." Not in vain has been the tariff reform campaign education of late years. The cry of "protection to labor" is an exploded shibboleth.

Italy appears in hard luck as to the quality of her representatives at Washington. Baron Fava was recalled in disgrace, and now the Marquis Imperiali, in whose hands the affairs of the Italian legation were left, is in trouble. It seems he failed to suit some people in the discharge of certain social functions at a ball given by Miss Leiter. Whatever he did or did not do in such connection will not trouble Americans greatly, but the affair comes before the Italian parliament in a serious way. Signor Imbriana, one of the opposition, called the attention of parliament to the matter by asking "whether a representative of Italy in Washington has acted as a lackey to a shop keeper while costumed in the livery of an Italian diplomat." The Italian minister of foreign affairs will make official inquiry, and the diplomat may be called home. There be people over here who think an American shop keeper every whit as good as an Italian marquis, but even the jingoes will not go to war about it.

COUNCIL PRESIDENT COLEMAN.

The Bee congratulates the democratic members of the council on their steadfastness. They determined to have a democratic president and voted solidly for Mr. Frank Coleman 250 times last night. They won. It was a notable fight and is encouraging to democrats. The kind of organization that holds together, the shoulder-to-shoulder way of doing things, always wins. The new president is serving his third term as councilman from the Fifth ward. He is a careful and business-like public officer. The council made wise choice when they elevated him to the presidency. The year commences well.

TWO VIEWS OF IT.

Yesterday "republican magnates" held a "private gathering," a closet caucus as it were, in Chicago, and decided not only who should be nominated at Minneapolis, but also traded off a couple of Cabinet positions in the next administration to placate other presidential aspirants. It is to be, the magnates decided, Harrison and Morton, and Alger and Cullom are to receive Cabinet portfolios. What a waste of time and money to hold the Minneapolis convention? Not at all. The convention is necessary in order to keep up the farce that this is a government of, for, and by the people. Now for the other view.

A gentleman in Tennessee has a letter from Grover Cleveland, relative to the Chicago convention. The possible nominee of that convention modestly expresses the fear that he may not be the best candidate, as well as his anxiety that "our party" may do exactly the right thing at the convention, and the hope that the delegates will be guided by judgment and actuated by a true democratic spirit and the single desire to succeed on principle."

Contrast the feeling of the ex-President of the United States as to what is right and proper in the choice of a chief magistrate with the audacity and the autocracy with which the present incumbent of the office dictates his own renomination. "Look on this picture, then on that." If we have not ceased to be a free people, it is time to upset the centralized power at Washington which virtually plans to rob us of our suffrage.

MENTIONED ON THE STREETS.

That Doc Smith has declared for Griffin for congress.

That it is believed the cold weather has finally disappeared.

That eggs are eggs at this season of the year, prices being stiff.

That the aldermen will take a tilt at organization to-morrow evening.

That Easter music will be on a scale of magnificence not heretofore enjoyed in Toledo.

That the republicans appear to be afraid of the Baber law. What's the matter?

That the ex-prisoners of war association anticipate a big benefit at their two entertainments.

That a thriving business in Easter cards will be done this week, the designs being very handsome.

That the one-session plan in the public schools seems to have gone glimmering, at least for this term.

That there is fear, should the painters' strike not be settled soon, other trades may become involved.

That half of Toledo's politicians spent their time at the council chamber awaiting the jump of the cat.

That the solid front of the democrats in the council bode good for harmonious action on all matters political.

That it is pretty well settled the democrats in the city council will settle upon a corps of officers in a caucus.

That Col. Joe Bonner will not name a Foraker chairman for the republican county convention soon to be held.

That some of the lower town girls are said to be in the habit of smoking pipes and cigars. Quite the fad, you know.

That the new Nasby building is looming up in its dizzy height, and will be ready for occupancy during the summer.

That Toledoans show their appreciation of good things in the large attendance at the Wright lectures in the High school hall.

That the First ward democrats will meet on Thursday evening to talk politics and business, on call of President Puck.

That the democratic members of the council got a staying gait on themselves last night, and as a result it is President Coleman.

That large congregations will attend the services of Holy week in the Episcopal and Catholic churches for the balance of this week.

That Mr. Griffin will be at home next week and take command of his forces with a view of capturing the congressional nomination.

That there will be a raft of candidates for the place to be made vacant in the county treasurer's office by the retirement of Jack Kelsey.

That the sheriff's fee bill has not yet become a law at Columbus, and Mr. Stuart is still wondering where his salary is to come from.

TWENTY CENTS

The Probable Cost of Gas the Ensuing Season.

The Directors of the Northwestern Ohio Gas Company in Session at the Boody—Discussing the Expiring Ordinance.

The directors of the Northwestern Ohio Natural Gas company are in session at the Boody house this afternoon. Mr. Dan O'Day, accompanied by Directors Fleming and Strong, arrived this forenoon and the other directors, except Secretary Foster, are expected here in time for the afternoon meeting.

Among the subjects discussed is the rate to be charged for gas the ensuing year.

The term of the present contract, fixed by ordinance, expires in June.

It is understood that 20 cents will be asked, and probably 25.

"Twenty-five cents might pay," said one of the directors to a Bee to-day, "but I don't think anything less would."

The gas trustees, it is understood, propose fixing the city rate at 15 cents. If so the Northwestern will not take less than 20 cents, and may not accept that.

THE TOLEDO

Will Be the Name of a Handsome New Block

To be Erected in Chicago by Mr. Lawrence Newman—It Will Be 125x125 Feet and Four Stories High.

Mr. Lawrence Newman, the enterprising young financier, has decided to erect in Chicago a building which he proposes naming "The Toledo."

Mr. Newman owned, among other pieces of Chicago real estate, a valuable corner lot 125x125 almost in the center of the city. It is on this he proposes to build.

The lower story will be occupied by stores, and the second, third and fourth floors will be used as tenement flats.

Asked by a Bee yesterday if he proposes building, Mr. Newman said:

"I have decided on two things only—to build and to name the block after Toledo. As to the size and probable cost I cannot say much just now."

REACH BUFFALO TO-DAY

The Chicago Grain Fleet in Lake Erie.

Interesting Log of the Inland Seas.

Marine News Local and General Gathered from Near and Far for Bee Readers.

Chicago, April 12.—(Special marine service)—The owners of the many small passenger steamers, which have been running between the lake front and Jackson park two or three seasons past, are just now greatly troubled over the prospect of being shut off the piers at the World's fair under the terms of the exclusive contract which is soon to be given by the World's fair people.

The bids for the exclusive privilege of running to the fair piers are in the hands of the committee, and the award will be made within a few days. If the company which gets the contract decides to run its own boats the occupation of a dozen steamers will be gone unless they find some other place to carry excursions.

If the World's fair grounds are to be kept open this summer with an admission charged, steamboat men expect that the boats will do a big business to Jackson park, particularly on pleasant Sundays.

They say the fair grounds will be the best paying show in town all season long, but their hope of getting a slice of the profits is nearly spoiled by the prospects of an exclusive contract being let which will shut them out.

Demand for Boats.

Although the price of wheat declined 5 cents yesterday, there was no great demand for boats to carry it forward from shippers, and the market for grain freights was again lower, ruling at 2 cents for wheat to Buffalo.

Charters at this figure were the barge Bourke, 60,000 bu; steamer A. P. Wright (to have a place at Alton elevator to-day), 85,000, two craft not named, 125,000 bu. The nominal rate on corn to Buffalo is 1 3-4 cents, but at the close shippers were only offering 1 1-2 cents.

The tariffs of the Buffalo propeller lines on merchandise east—lake and rail—were made public yesterday. The figures to go into effect to-morrow. There is to be a lively struggle between these lines and the all rail routes. The propeller lines make a reduction of 2 1-2 cents on flour, bran, and mill-cakes from the rates last fall. The remainder of the tariff is unchanged.

With the lake-and-rail rate on flour and oil-cake 17 1-2 cents to New York, and 22 1-2 cents to Boston and New England points as compared with the all-rail rates, which are 7 1-2 cents higher to both New York and Boston, the railroads from Chicago will get very little business.

The new rates announced by the Ogdensburg Transit Company to Boston points are as follows: First-class, 63 cents; second, 63; third, 43; fourth, 30; fifth, 22 1-2; sixth class, which includes flour and most east-bound shipments, was not given out.

The rates of the Buffalo lines to Boston points are: First-class, 70 cents; second, 58; third, 45; fourth, 35; fifth, 30; sixth, 25. It is war not only between the lake-and-rail lines and the all-rail routes, but among the lake-and-rail lines themselves, competition being very sharp between all the transportation companies.

Lumber rates to Chicago are quoted as follows: Muskegon, $1.25; Manistee, $1.50; Ludington, 1.27 1-2, Ford River, and Menominee, $1.50; Manistique, (on rail), $1.50, Cheyboygan, $1.50 and $1.62 1-2.

The Warde Transportation company is making more purchases of vessel property in addition to the steamer Niko and barge Churchill and schooner Lizzie A. Law, that company now has control of the Chief Justice Waite. The schooner Jason Parker has been sold by Geo. B. Carpenter to J. Larson and J. Jacobson.

It is denied that the Chicago Dry Dock company has sold out and will quit business May 1. It has simply given an option on the purchase of its site near Harrison street, at a figure not far from $90,000.

The steamer Nahant goes to Escanaba for iron ore for Cleveland. The master desired to clear from Chicago without cargo for Cleveland direct, but the customs officials refused him the privilege. It was to cover the point raised in this case that Senator Vilas introduced his bill, which has caused so much commotion among steamboat men. It provided that boats must report at every point where they received or discharged freight. If this is not done the intermediate points, like Escanaba, in this case, would get no credit.

Agent Morford, of the Union Steamboat company, received a dispatch from Congressman Durborow last night, announcing that the house had passed the bill repealing the joint resolution which authorized the secretary of war to lease the government pier at the mouth of Chicago river to the Illinois Central railroad. Mr. Durborow was confident that the bill would pass the senate.

Jams in the harbor yesterday caused great detention. There were tangles of big craft all day at Harrison and Sixteenth streets all day, through which a lone tug could not have made its way. Navigation was also blocked at the gas house in Ogden's canal.

Ex-Collector Moore, of Duluth, World's fair commissioner, called upon Collector Clark at the custom house yesterday. Mr. Moore is an enthusiast over McDougall and the whalebacks. Mentioning the fact that there were nine new ones on the stocks, he insisted that in a few years the lakes and the oceans would be covered with them.

Masters of large craft were sworn in at the custom house yesterday as follows: Capt. J. L. Weeks, John Craig; H. L. Shaw, steamer Chas. A. Eddy; G. W. Pierce, steamer Raleigh; F. W. Memral, barge Newell A. Eddy; Thos. Robinson, schooner J. I. Case; W. D. Angell, barge F. D. Ewen; K. D. Ballentine, steamer G. W. Morley; John Wilson, schooner Lem Ellsworth; J. M. Robinson, barge W. S. Crosthwaite; T. C. Ellis, steamer Servia; Robert McDonell, steamer Aurora; H. W. Boyce, schooner John B. Merrill.

Life Saving Service.

Sturgeon Bay, April 12.—(Special Marine Service)—Vesselmen in this vicinity are working hard to secure a life-saving station on Washington island, near Death Door, the entrance to Green bay.

Half the wrecks in Lake Michigan last year occurred at this perilous spot. A telephone line will probably be extended to Washington island by putting cables across Death's Door.

This will be a great advantage to vessels which are wrecked in that vicinity, as they can summon immediate help.

Had this service been in operation last fall the schooner Newsboy could have been saved without trouble.

As it was, she became a total wreck, and the crew were kept prisoners in the forecastle four days without anything to eat except the wet corn in cargo.

Passed Port Huron.

Port Huron, April 12.—(Special Marine Service—Up—p. m., Sachem, 9:45; a. m., Kalkaska, 10.

Down—a. m., P. Chamberlin, barges, 3; Castalia, 5:30; Langell, 6:45. Wind north; light.

Buffalo, April 12.—(Special Marine Service)—The effects of the great Reading combine on hard coal trade were seen today, when the Reading people announced that they would ship only 3,000 or 4,000 tons more during April.

Coal freights are consequently weak and unsteady. All shippers holding off.

The charter of one of four northern line boats loading here for Lake Superior has been revoked. The first of the Chicago grain fleet is expected here before dark.

The War for Wages.

Chicago, April 12.—(Special morning service)—It is war to the knife between the Knights of Labor and the Seamen's Union. Dolan said this morning that his organization has come to Chicago to stay, that it is a unit at Milwaukee, Cheyboygan, and Manitowoc, and has a strong organization all over the lakes.

A Cleveland branch was organized last night and branches at Buffalo, Erie, Ashtabula, and other Lake Erie ports, on the Welland Canal, and on Lake Ontario have been in working order for a long time.

This season the Knights of Labor have made a contract with varian vessel owners' associations and will co-operate with the vessel owners.

Vessel owners are elated over the contract with the knights whose labor headquarters are at 2 Franklin street, Ben Smith representing the vessel owners.

At Seamen's headquarters it was said this morning that Dolan would be driven out of town inside of a month.

The river jams which held a large fleet in port yesterday were cleared away last night, and a big fleet went down the river this morning and put out for Buffalo.

Among them were the P. P. Pratt, Parks Foster, Bourke, Walter Vail, J. H. Farwell, Louisiana, D. C. Whitney, City of Cleveland, and others.

The Susquehanna, of the Anchor line, leaves to-night, and the steamers of all the lines will start out to-morrow.

Depth of water in Chicago harbor averages 15 feet.

The Rate War.

Chicago, April 12.—(Special Marine Service)—Outcroppings which go to show that the great Reading combine is to be a most powerful factor in lake transportation this season are coming to the surface rapidly.

It is reported here to-day that yesterday's reduction in flour rates have been met by the Reading people, and that they have issued a tariff giving 16 cents as the flour rate to New York.

Yesterday's reduction was from 20 to 17 1-2. The war will extend to the Lake Superior traffic as soon as navigation opens there, and lively times are ahead again in all lake and rail traffic.

Vesselmen succeeded to-day in stopping the downward tendency in grain rates, and there was a better demand for boats at 2 cents for wheat and 1 3-4c for corn to Buffalo than for several days. The Nestor's tow was placed at these figures.

Local Marine Notes.

The tug Andrews goes into commission to-day.

The Fedora got off and away yesterday.

The Roy went out this morning with the Wiecken.

The tugs Rooney and Syracuse are towing in a raft to-day.

The tug Green is getting a new wheel at Miller's dry dock.

The Iron Duke and Iron Cliff went out coal laden this morning.

The schooner Hale, loaded at the Ironville docks with coal for Pt. Edward, cleared to-day.

The schooner Prussia is being loaded with coal to-day, for Pt. Edward, and the schooner Zach Chandler for Mackinac, at the Ironville docks.

LAID IT AWAY TO REST

The Ninety-Nine Year Bill Put to Sleep.

The Railroad Committee to Handle the Measure.

Baxter's Appointment Confirmed by the Senate—General News of Interest from the State Capital.

Columbus, April 12.—(Special)—The republicans have been tinkering with the Australian ballot law all winter; in fact, so many amendments were introduced that the whole number was referred to a select committee, from which a report was made, but it was in a very crude state, so Representative Winn prepared and last evening introduced a bill that has many strong points in its favor.

After the Masher.

Mr. Taylor, of Guernsey, last evening introduced a bill to protect innocent girls and unmarried women and to punish married mashers pretending to be single. Following is the full text of same:

Section 1.—Be it enacted by the general assembly of the state of Ohio, That any person being a married man in the state of Ohio, who shall fraudulently pretend to be single and makes proposals of marriage to any girl or unmarried woman, or repeatedly calls on or keeps company with such females upon such false pretense that he is eligible to matrimony, shall be deemed guilty of a crime, and upon conviction shall be fined not less than $100 nor more than $500, and imprisoned not less than one year nor more than three years.

The Ninety-nine Year Bill.

During the evening session the Spencer ninety-nine year bill was read the second time and a fight was made to have the same referred to different committees.

Mr. Gallagher, of Cuyahoga, a colleague of Senator Spencer, wanted it referred to the committee on municipal affairs, while Mr. Griffin, of Lucas, thought it should go to the committee on railroads and telegraphs. In addition to these committees, Mr. Ford, of Hamilton, wanted the committee on municipal corporations to have a whack at it. There being three contestants a vote was taken and the call of the roll exhibited the fact that the municipal affairs would not have it by a vote of yeas 23, nays 39. The next call decided the matter and it was referred to the committee on railroads and telegraphs by a vote of yeas 34, nays 32.

Bills Introduced in the House.

A large number of bills were introduced and the following were of a general nature, the remainder being local measures:

Mr. Taylor, of Guernsey—Providing for accounting and settlement by treasurers of the money expended for the relief of indigent soldiers, sailors, widows, and orphans.

Mr. Haskell—Allowing county commissioners to maintain a good stock-proof hedge fence where guard rails are required, instead of a metal or wooden rail.

Mr. Griffin—Providing for the management of the police and health departments in Columbus by the board of public works

Mr. Davis—Providing for the protection to life and limb of visitors to picnic grounds, and places of public resort.

Mr. Holcomb—To make mechanics' liens preferred security over mortgages without regard to date of record.

Mr. Holcomb—To facilitate the administration of justice by requiring common pleas circuit and supreme courts to decide promptly all motions and demurrers and requiring referees, special masters, etc., to report findings within 90 days.

The senate yesterday afternoon confirmed the appointment of S. A. Baxter as trustee of the Toledo asylum.

The governor returned to the senate the communication relating to the appointment and confirmation of H. H. McFadden as member of the state board of charities and the same was referred to the committee on benevolent institutions.

The senate yesterday afternoon refused to relieve the committee of further consideration of Griffin's bill reducing the freight rates of railroads by a vote of yeas 11, nays 5.

Still Another.

Considerable time was occupied this morning by the senate over the report of Senator Nichols, as special committee to prepare general amendments to the Australian ballot law.

It provided that the secretary of state shall be state commissioner of elections, with the power to appoint four deputies in each county, who are to constitute county boards of elections.

This is done to comply with the constitution, which provides that all county officers shall be elected.

In regard to marking the tickets the substitute provides that a circle three-fourths of an inch in diameter shall be printed between the emblem and the title of the ticket, and around the circle shall be inscribed in type of nonpareil size the words, "A cross within signifies a straight ticket."

The Workman's Hire.

Mr. Green's bill providing that contractors shall give a bond to the amount of half of contract to insure the payment of laborers engaged thereon and materials used has passed the Senate.

Mr. Lampson wanted the bill considered immediately, but Senator Geyer wanted the amendments printed.

After considerable wind-fanning the motion was modified and the consideration was postponed until this afternoon at 5 o'clock.

It was expected to pass.

The new law applies to all elections except for members of school boards, and for township and municipal affairs in municipalities having a population of 1,500, where the old-fashioned ballot is to be voted, but booths and other Australian ballot equipments are to be used.

The tickets are to be kept in booths so as to prevent ballot peddling about the polls.

The senate has passed Mr. Strahl's bill repealing the section of the Garber county officer salary law relating to compensation for sheriffs.

It re-enacts the old law, with an amendment making a horizontal reduction of about 12 per cent. in the fees. As it passed the house there was a reduction of 18 per cent. It now goes back to the house for concurrence in the senate amendment.

Care for the Public.

The house has passed Mr. Beard's bill compelling railroad companies to provide steps to passenger coaches at all stations.

THE BIG SILVER DOLLAR

Again Discussed in the United States Senate.

The Election of Senators by the People.

A Number of Bills Rushed Through the Lower House—General Washington News.

Washington, April 12—Mr. Chandler offered a resolution to pay W. Pitt Kellogg, late Senator from Louisiana, his salary from the commencement of his term, March 4, 1867, up to the date of his admission to seat. Referred to committee on privileges and elections.

Mr. Stewart called up his resolution asking information of the Treasury Department as to the amount of treasury notes issued against silver bullion and standard dollars, and what amount of gold coin and gold certificates, and addressed the Senate upon it.

Senator Stewart declared that the deliberate policy of the treasury in its purchases of silver was to depreciate the white metal.

Mr. Morgan, at the conclusion of Mr. Stewart's remarks, asked that the resolution go over until to-morrow, when he desired to address the senate on the silver question. It was so ordered.

Mr. Chandler called up Mr. Palmer's resolution in regard to the election of United States senators by the people, and spoke against the proposition.

In the House.

Washington, April 12.—By unanimous consent the following bill was passed:

To codify and simplify declarations and other papers in pension claims.

The senate amendments to the Indian appropriation bill were nonconcurred in.

Certain claims reported by the accounting officers of the treasury were ordered paid. The Illinois & Ohio railway terminal company was authorized to build a bridge across the Mississippi river at Moline, Ill.

WAS IN HALIFAX.

Deeming Seems to Have Had a World Wide Acquaintance.

Halifax, N. S., April 12.—Deeming, the Australian and the Liverpool murderer, was here a few years ago on alleged gold mining business. He showed a gentleman whom he met here a letter he had received from Kate L. Edowes, one of the women who was subsequently murdered in Whitechapel. The letter revealed a motive for the murder of the girl. Deeming went under two or more aliases in Canada, one of which was Ruel.

FIVE STORIES.

The Woolson Directors Decide to Enlarge.

Room for 250 More Girls in the New Woolson Building—Another Story Added.

The directors of the Woolson Spice company held a meeting yesterday afternoon and decided to enlarge the facilities of the building now in process of construction.

It was decided to add another story to the structure so that there will be additional accommodation for 252 girls. The plans have been changed somewhat, and at yesterday's meeting were approved.

The foundation will be of stone and iron pillars and girders will be used throughout. On the Adams street side of the building there will be 18 windows, before each of which there will be a packing table. In the center of each floor, save the first, there will be a double row of tables, which all told will seat 252 girls.

Mr. Woolson said to a Bee yesterday afternoon that at present the accommodations were limited to such an extent that it was necessary to run day and night.

The wonderful progress of this institution is largely due to Mr. Woolson's untiring energy and executive ability.

THE RACE IS NOW ON

League Championship Opens To-day.

Robt. Emslie Drops in on His Old Time Ball Friends—A Look Into the Future.

Umpire Emslie dropped in on his friends in this city yesterday on his way to Louisville, where he opens the season to-day. "Bob" is in fine condition of body and voice and will be able to lay down the law according to Chadwick in an interesting manner.

Mr. Emslie thinks the race in the big league will be a good one this year, but could hardly advance an opinion on the effect of the divided season.

The outcome of the present season will be watched with peculiar interest.

It would be idle to attempt to deny the fact that the strife and unseemly wrangles of the past two years have gone a great way in weaning from the game many of its most ardent supporters, and simply because peace has been declared it does not follow that the supporters well be won back to their old allegiance. Their patronage will have to be cultivated.

It is going to take a good business management to bring order out of the base ball chaos, and the man who announces that he is "out for stuff there is in it," whether he be player, manager or stockholder, need not be surprised if he falls by the wayside even before the season is rounded up.

Base ball has always been supported because of local pride, and when local pride is removed and base ball takes its place in line with theater attractions, it will be found that the many summer resorts and manifold lake and river pleasures will prove disastrous counter drawing cards.

In order that a ball club be successful financially as well as in a playing sense, it is essential that the management of the club be popular and have the confidence of the people.

The recent changes made in the circuit of the big league, the old scores to pay off, the bitter feeling between the old league and association leaders, the new plan of drawing players by lottery in the Western, all tend to place an element of doubt in the minds of base ball admirers as to whether the troubles have been bridged over, or whether the present year will be as disastrous as ever.

IN OHIO'S EARLY DAYS

A Crime of 1838 Recalled to Mind

By the Death of the Criminal's Mother.

They Story of the Murder of Young Copeland by His Cousin and the Subsequent Trial and Conviction.

St. Marys, O., April 12.—(Special)—The death of Mrs. Scott near Port Jefferson, Shelby county, a few days ago recalls to mind one of the most cold-blooded murders that was ever committed in this section. In 1838, the year of the tragedy, there lived in Shelby county a Mrs. Scott and her son David, who were in some way related to a family named Copeland, which also consisted of Mrs. Copeland and her son David.

The two boys were always great friends from childhood, and their intimacy was kept up until they reached manhood, and when Mrs. Copeland decided that she would move to northen Indiana the two Davids felt that it would be almost impossible to give each other up.

Early in the summer of '38 Mrs. Copeland, assisted by her son, settled up her affairs and together they went to live on a farm near Laporte, Ind.

They had been there but a short time when they received the happy news of the inheritance of a part of a Virginia estate, which was valued at about $3,000, and their share amounted to about one-third.

Late in the fall David Copeland set out on horseback to claim their share of the estate. It was regarded as a hazardous trip, and the mother felt that she was putting almost too great a responsibility upon her son.

The way led almost entirely through the woods, and the occasional reports of highway robbery and murder were not reassuring, but David was strong and fearless and arming himself with a pistol he started on his mission, and after traveling a week finally reached his destination without any incidents of note occurring.

After securing their share, something like $1,000, he started back full of hope and confidence. It was his intention to stop off with his relations and friends near Port Jefferson for a few days, and having reached that place in safety, he anticipated a good time and was greatly delighted at the thought of seing his old friend Dave Scott.

His visit in the village passed swiftly. Copeland was to start for home the next Monday morning, and before departure, his aunt, Mrs. Scott, gave a dinner party in his honor. The dinner over, David Copeland's lonesome journey home through the woods "with all that money" was talked about.

In a joking manner they tried to frighten him, but he was none of those kind. At this time, however, he took occasion to appeal to his cousin David Scott to accompany him home, remarking that he was not afraid to go alone, as long as he has a weapon with him and which he exhibited.

Scott replied that his mother could not spare him, when Copeland jokingly remarked that if he was murdered some of them would feel sorry for not going home with him. Monday morning came, and all arrangements were made to start.

The money was sewed up in a bag and placed across the horse, and after bidding everybody good-by he departed, and was soon on his weary journey towards home.

After he had been gone nearly twelve hours, Scott declared his intention to take a trip to Piqua, and started away on horseback. He rode rapidly and overtook his cousin near Van Wert. Scott told Copeland that he had changed his mind and would go to Indiana with him.

Copeland was overjoyed at having company on his journey, and confidentially admitted that he had already more than once wished that the money was somewhere else than on his horse, and the two at length concocted a scheme whereby it was placed in the bottom of his saddle bag.

Scott agreed that it was not pleasant to feel that one was liable to be murdered for a little money.

The two friends traveled along together like two brothers, slept together at the taverns where they put up at night, and Copeland was in high spirits. Sometimes he noticed that Scott was somewhat silent, and then accused him of being homesick, but Scott denied it, and said he was feeling first rate.

Copeland was beginning to feel uneasy, and could not account for his cousin's strange actions. As they were passing through a dense woods the last day, and when about a mile from Copeland's home, Scott, who had the pistol, dropped behind a few paces, and under pretense of fixing his saddle girt, took aim and fired, the bullet striking Copeland back of the ear, causing death instantly. Copeland rolled out of his saddle and fell to the ground, at which juncture Scott dismounted, and getting possession of the money, left the spot as fast as his horse could carry him.

Mrs. Copeland was standing in the door of her house, looking for her son, and when she heard the shot that killed him, she imagined the worst.

Soon, the horse that he had ridden came galloping toward her, and when he approached the mutilated bag and the blood, that had flowed down his side told all too plainly what had occurred.

The alarm was given and a searching posse quickly organized. Copeland's body was soon found. Passing back over the road which it was known Copeland must have taken, the party came to a country tavern a little after midnight. Sitting in a chair in the office or barroom, apparently asleep, was a stranger, whom one of the crowd recognized as Scott.

When spoken to, he started up, evidently alarmed, saying, "You are barking up the wrong tree; I did not kill Copeland." Naturally this excited suspicion against him, and he was taken into custody.

A large amount of money was found in his possession; he acted very strangely, and nearly everything seemed to point to his guilt.

He was taken to Laporte and placed in jail. When confronted by Mrs. Copeland he nearly weakened, and when news of the tragedy reached Shelby county the circumstantial evidence against him became nearly conclusive.

The murder excited interest for many miles in every direction, hundreds of people attended the trial. Scott protested his innocence until after he was convicted; then he made a clean confession. His hanging took place in the jail yard at Laporte, and was witnessed by over 5,000 people.

Each Spoonful

HAS done its perfect work, is the verdict of every woman who has used Royal Baking Powder. Other baking powders soon deteriorate and lose their strength, owing to the use of inferior ingredients, but Royal Baking Powder is so carefully and accurately compounded from the purest materials that it retains its strength for any length of time, and the last spoonful in the can is as good as the first, which is not true of other baking powders.

THERE IS NO PAIN LIKE TOOTHACHE!

It "beats the dogs" for making a fellow squirm. Nobody pities you. "Get it out," says one; "rub the tooth against a stone," says another; "when it begins to swell, then it won't hurt so much," says a third. The reason of the ache is you didn't use SOZODONT, and prevent your teeth from decay.

Cod-liver oil suggests consumption; which is almost unfortunate. Its best use is before you fear consumption—when you begin to get thin. Consumption is only one of the dangers of thinness.

Scott's Emulsion of cod-liver-oil makes the thin plump, and the plump are almost safe.

Queen Margaret of Italy, although somewhat inclined toward embonpoint, is nevertheless a beautiful woman even yet. It is said that on the day of her marriage (in 1868), when receiving the foreign ambassadors and ministers, she spoke to each of them in his own language. She is highly educated and has a special taste for literature. In public she always shows perfect tact and taste, and she is very popular and respected by all her subjects.

Edmund Gosse sends to the Critic of March 19, a poem in memory of Anne Clough, sister of the poet and principal of Newnham College, Cambridge, England. "So many American girls have passed under Miss Clough's beneficent influence," writes Mr. Gosse, "that I think her name must awaken cordial memories in your country." For years she has been recognized as the pioneer of the movement for the higher education of women in England. Her death occurred less than a month ago.

Some of the revelations of the census will startle a good many people. For instance, there are now more than half a million almond trees actually bearing in the United States; there are hundreds of thousands of bearing coconnut trees; there are more than a quarter of a million olive trees, producing fruit equal to the best Mediterranean varieties. There are more than half a million bearing banana plants, 200,000 bearing lemon trees, 4,000,000 orange trees and 21,000,000 pineapples. And the value of tropical and semi-tropical fruits grown under the American flag is nearly $20,000,000.

The custom house at St. John, N. B., a large stone structure, and supposed to be fireproof, was burned. The flames worked up to the roof, which was composed of tar and gravel, and spread rapidly all over the building. A gale prevailed at the time. Nothing was left standing but the walls. All the principal books in the customs and shipping departments were saved. The custom house was built in 1878 and cost $300,000. While the fire of the custom house was in progress Smith's variety store, in another part of the town, was destroyed.

A HIDEOUS NIGHT.

I felt that I was making progress in my medical studies, although I had not yet attended a year's lectures, for I had a natural aptitude for the profession, and never allowed my thoughts to be diverted from the one object I had in view, viz.: to become a well-equipped M. D.

For a man to become a good physician, he must necessarily be a thorough anatomist. I was fully alive to the necessity of this knowledge, and resolved to make myself master of the subject and I had put my name down for a piece to dissect, but I had to wait a very long time before I could obtain it.

For an outsider the dissecting room is not a pleasant apartment. Imagine thirty or forty male and female corpses, in all stages of decay, and variously mutilated on scientific principles. Each subject is on a zinc table, at the foot of which is a bucket in which is thrown the debris, if I may use the term.

"Misther Berry, I've got a pace for you at last. It's all right. The demonstrather says you've drawn the head of the one over there," said Patrick, the janitor and keeper of the dissecting room, as he pointed to the corpse of the beautiful woman, and then he put a large figure "1" on it.

I was rejoiced to hear of my good fortune. I went to work at once, for I was tolerably well acquainted with the anatomy of the head. My admiration for the beautiful corpse vanished. I was simply a scientific butcher. A fellow-student was engaged in dissecting one of her feet.

"Berry," said my companion, in rather thick tones, "this is glorious work isn't it"

I looked at him. It was obvious that Meadows, for that was his name, had been making to protracted a visit to a neighboring saloon. His hand was very unsteady, and he was cutting and slashing the flesh of the subject in a most unskillful manner. Then he suddenly said:

"Guesh I'll go home and sleep and come back again Good-bye, old fellersh," he gasped, as he left the room.

I continued steadily at my work until all the students had left, and I was alone with the head.

Patrick moved noiselessly about the room, picking up bones, flesh and skin that had been cast aside, which were thrown carelessly into a barrel, to be carted away afterward.

"Patrick," I said, as the clock struck 7, "I'm going to get something to eat."

It was 9 o'clock when I returned to the dissecting room. Patrick had lighted the gas jet over my subject, and, donning my gown, I went to work with renewed vigor.

I am not superstitious; but being at work alone, surrounded by the ghastly dead, made me, from time to time, look furtively behind me to see if any of the ghosts of those who temporarily rested here were observing my movements.

I turned the head over a little to the right, and as its glassy eyes seemed to rest on mine, pityingly, I heard suddenly an unearthly groan. It startled me. I attempted to turn the gas higher; but put it out, and was left in the darkness.

I lost my presence of mind and fell to the floor in a fainting fit. I do not know what time it was when I recovered, but it seemed as if several hours had elapsed. I had no matches in my pocket.

I called—I yelled; only to hear the echo of my own voice. I grew almost frantic. What a horrible position to be in, shut up there among the mutilated dead! Then fear took possession of me; I was no longer the philosophical medical student. I was a frenzied madman.

I addressed the corpse that I was dissecting, and a mocking laugh seemed to come from above me. I groped my way frantically toward whence the sound came. I put my hand on the table where I remembered the bloated drunkard's corpse lay. I touched the face; it was warm, and a deep groan was emitted. The man had come to life again, or was never dead; and yet I could have sworn I had seen his heart laid bare on that day by one of the students. Weak from loss of blood, I fell again, and remembered nothing more until I found myself in my room in bed, with a nurse, a doctor and two or three of my fellow-students in attendance.

"It might have been more serious," said the doctor, who was professor of nervous diseases at the college. "He will soon get well again now."

The doctor was right. My recovery was rapid; but it was many years before I got over that horrible night.

"It was all my fault," said Meadows to me, when I settled down to my lectures once more. "I'd had more than I could comfortably carry when I left you that evening, while I was making hash of the foot of that woman. I went away and met several old friends, with whom I had two or three bottles. I got back about 8 o'clock and tried to dissect; but I couldn't. I imagined that I was at home and going to bed, so I undressed and lay down on a table by the side of one of the subjects. When old Patrick came in the morning, and you were found in an almost insensible condition, I understood what had happened. It's a lesson for me not to drink, especially when I'm dissecting."—New York News.

THERE IS BUT ONE

Plain Statements Which Never Disagree.

"The Best Spring Medicine in the World."

So Say Physicians, Druggists and All Who Know.

Paine's Celery Compound an M. D.'s Discovery.

Tones the Nerves, Srengthens Muscles, Enriches the Blood.

"I read of the remarkabe cures made by Paine's celery compound.

"I consulted my physician about it, and the reply was, 'best spring medicine in the world.'

"When I asked the druggist concerning it, his answer was, 'no other medicine is having so large a sale this spring. My customers always speak well of it. It is the one remedy about which we have never yet received a complaint.'"

"That is the way," continued the speaker, a well-known merchant, "I came to use this compound, and I am so thankful for the benefit that I never lose an opportunity of recommending it. Last year I had to give up work in March and go to Florida, but this spring I have stayed right at my desk, and feel as strong as anyone."

Paine's celery compound is not a patent medicine.

It is the prescription that made the fame of Edward E. Phelps, M. D., LL.D., of Dartmouth college.

It is the remedy that physicians have ever since prescribed to strengthen the nerves and purify the blood.

Prof. Phelps, true scientist that he was, freely gave this prescription to all reputable physicians. They saw that it was good, that one of the greatest problems of their profession was at last solved; it effected complete cures of nervous complications when everything else failed; it positively and permanently drove from the blood the poison germs of deep-seated disease; it was pleasant, palatable, and harmless; it gave strength and health to delicate children and feeble old folks.

Patients who are weak and weary, when sleepless, dyspeptic, or despondent, have been advised so often to use Paine's celery compound to banish disease and despondency that it has come to be known everywhere by the public, as well as the medical profession and the druggists, as a specific in such cases.

It tones the nerves, strengthens the muscles, and enriches the blood as nothing else can.

"There is but one celery compound, and its name is Paine's," wrote Dr. Newton. And his public indorsement is echoed by thousands who write in declaring this scientific compound the "best spring medicine in the world."

DOCTORS FRANCE AND OTTMAN,

Formerly of New York, now the Celebrated Examining Physicians of THE FRANCE MEDICAL AND SURGICAL INSTITUTE, Columbus, Ohio, by request of many friends and patients, have decided to visit Toledo

Dr. France, Wednesday, April 13.
Dr. Ottman, Saturday, April 23.

Consultation and Examination Free and Strictly Confidential in the Private Parlor of the Burnett House from 10 a. m. to 9 p. m., one day only.

The doctors describe the different diseases better than the sick can themselves. It is a wonderful gift for any one to possess. Their diagnostic powers have created wonders throughout the country.

The France Medical and Surgical Institute of Columbus, Ohio, is the only Medical Institute in the State incorporated with a Capital of $300,000.00.

FRANCE MEDICAL AND SURGICAL INSTITUTE,

38 & 40 W. Gay St., one block N. of State House, Columbus, O. Incorporated, 1886. Capital, $300,000.

DRS. FRANCE AND OTTMAN, of New York, the well known and successful Specialists in Chronic Diseases and Diseases of the Eye and Ear, on account of their large practice in Ohio, have established the FRANCE MEDICAL INSTITUTE, where all forms of Chronic, Nervous and Private Diseases will be successfully treated on the most Scientific principles. They are ably assisted by a full corps of eminent Physicians and Surgeons, each one being a well known specialist in his profession

CANCER positively cured without pain or use of the knife, by a new method.

IMPORTANT TO LADIES.—DR. FRANCE, after years of experience, has discovered the greatest cure known for all diseases peculiar to the sex. Female diseases positively cured by the new remedy, OLIVE BLOSSOM. The cure is effected by home treatment. Entirely harmless and easily applied. Consultation Free and Strictly Confidential. Correspondence promptly answered.

YOUNG MEN.—Who have become victims of solitary vice, that dreadful and destructive habit, which annually sweeps to an untimely grave thousands of young men of exalted talent and brilliant intellect, may call with confidence.

DRS. FRANCE AND OTTMAN, after years of experience, have discovered the greatest cure known for weakness in the back and limbs, involuntary discharges, impotency, general debility, nervousness, languor, confusion of ideas, palpitation of the heart, timidity, trembling, dimness of sight, or giddiness, diseases of the head, throat, nose, or skin, affections of the liver, lungs, stomach, or bowels—those terrible disorders arising from the solitary vice of youth—and secret practices, blighting their most radiant hopes or anticipations, rendering marriage impossible. Take one candid thought before it is too late. A week or month may place your case beyond the reach of hope. Our method of treatment will speedily and permanently cure the most obstinate case, and absolutely restore perfect manhood.

TO MIDDLE-AGED MEN.—There are many from the age of 30 to 60 who are troubled with frequent evacuations of the bladder, often accompanied by a slight burning or smarting sensation, weakening the system in a manner the patient cannot account for. On examination of the urinary deposits, a ropy sediment will be found, or the color will be a thin or milkish hue. There are many men who die of this difficulty, ignorant of the cause, which is a second stage of seminal weakness. We will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

DISEASES OF WOMEN.—We have a special department, thoroughly organized, and devoted exclusively to the treatment of diseases of women. Every case consulting our specialists, whether by letter or in person, is given the most careful and considerate attention. Important cases (and we get few which have not baffled the skill of all the home physicians) have the benefit of a full council of skilled specialists. In treatment of diseases peculiar to females, [illegible] has been marked, over two thirds of [illegible] ladies, old, young, married, single [illegible]. Our method is entirely free from objectionable features of the general practitioner, namely, "Local treatment." We seldom find it necessary. We prepare remedies, constitutional and local, as the case demands, and instruct ladies how to treat themselves.

MARRIAGE.—Married persons, or young men contemplating marriage, aware of physical weakness, loss of procreative powers, impotency, or any other disqualification, speedily restored.

PRIVATE DISEASES.—Blood Poison, Venereal Taint, Gleet, Stricture, Seminal Emissions, Loss of Sexual Power, Weakness of Sexual Organs, Want of Desire in Male or Female, whether from imprudent habits of youth or sexual habits of mature years, or any cause that debilitates the sexual functions, speedily and permanently cured. Consultation free and strictly confidential. Absolute cures guaranteed. Medicines sent free from observation to all parts of the United States.

EPILEPSY, OR FITS—Positively cured by a new and never-failing method. Testimonials furnished.

FREE EXAMINATION OF THE URINE.—Each person applying for medical treatment should send or bring from 2 to 4 ounces of urine (that passed first in the morning preferred), which will receive a careful chemical and microscopical examination, and if requested a written analysis will be given.

Persons ruined in health by unlearned pretenders, who keep trifling with them month after month, giving poisonous and injurious compounds, should apply immediately. Delays are dangerous.

WONDERFUL CURES Perfected in old cases which have been neglected or unskillfully treated. No experiments or failures. Parties treated by mail or express, but where possible, personal consultation is preferred. Curable cases guaranteed. No risks incurred.

Cases and correspondence confidential. Treatment sent C. O. D. to any part of U. S. List of 130 questions free. Address, with postage, DR. FRANCE, Nos. 38 and 40 W. Gay St., Columbus, O.

PUBLIC MEN SPEAK.

Opinions of Importance Freely Expressed.

Most Interesting and Valuable Facts Brought Out in an Interview by Our Correspondent.

Washington, D. C., April 11.—The interviews with various prominent men which I recently sent you as to the apparently mysterious cause of the untimely and sudden deaths among them, has aroused a great deal of excitement.

Senators, representatives and heads of departments all declare that unless some steps can be taken to avoid the killing strains of public life, few prominent men would care to run for office. Traced to its source, it has become fully apparent that there is one great cause for it all, and that cause is the wearing strains upon certain organs of the body which cause their tissues to give way, and hence bring about sickness or sudden death. I continued the investigation, which was reported yesterday, by calling upon a number of leading public men.

Hon. Daniel Lockwood, genial and whole souled, has an extensive knowledge of the public men of the country. He was well aware of the strains to which they are subjected, and the sudden deaths which have been so prevalent. "It would seem," he said, "as though there should be some way of preventing these things. Our grandfathers had family remedies that seemed to prolong life, and it would appear as though some modern discovery should be found which would answer the same purpose for the added strains of modern life. I think if anyone has such a discovery it is certainly my friend Warner with his famous Safe Cure. I know of a great many people who use it constantly, and I have in mind one gentleman connected with the government printing office here who, together with his wife, has occasion to be exceedingly grateful for the restored health and strength which Warner's Safe Cure has imparted."

Hon. H. S. Greenleaf was found in the house of representatives. He said: "The exhaustions of public life are certainly very great, but so also are the strains of business life, of professional life, of social life. I have personal acquaintance with Mr. Warner, the discoverer of the celebrated Safe Cure, and I consider it far superior to any or all other preparations. Certainly any article as popular as that and selling as extensively as it does, must have unusual merit."

Probably the most remarkable case of a government official brought to death's door and then rescued is that of Mr. J. Henderson Wilkinson, a prominent attorney of this city. In conversation with me, he said: "Ten years ago I was seized with an attack of Bright's disease. I was then at work in the treasury, here. I know it was Bright's disease for several reasons. In early life, I studied medicine for some little time. I knew from my symptoms what my trouble was, but I was also in the hands of my physicians. How badly I became you can understand when I say that my hands became bloated and actually cracked open. My limbs and body would alternately swell and collapse. I could only creep across the floor. Finally my physician said to me: 'You are at death's door with Bright's disease. You may live a few weeks, but there is absolutely no hope of your recovery.' Although I was so very sick my friends did not desert me. Numbers of them called to express their sympathy. Col. Daniel A. Grosvenor, Judge Tarbel, Rev. Dr. Rankin, Col. Robert M. Douglas—more than a hundred prominent men—extended to me their sympathy. None supposed for a moment I could ever recover. Upon advice of the Rev. Dr. Rankin, now president of the Howard university, I began the use of a preparation of which I had but little knowledge. I began to improve at once. I continued its use, nothing else, and I state to you to-day that I owe my life solely to Warner's Safe Cure, which rescued me from the grave after the doctors had abandoned all hope. I am certain that if men and women generally fully realized the wonderful power of this great discovery, and used it faithfully, there would be less sickness, fewer deaths, longer life and more happiness than at present."

I was greatly impressed with Mr. Wilkinson's earnestness of manner. Certain it is, that his statement is true, and that he is to-day in perfect health.

Senator Blackburn not only knows what wearing strains of political life are, but also of the power which the great discovery above mentioned has shown both in Washington and throughout the land. Indeed, he is a living example of its efficiency.

I saw Senator W. C. Squire, Mr. H. C. Clark, of the first auditor's office, Capt. J. G. Ball, and many others, and their statements amply confirmed all I had previously learned.

Mr. Abraham I. Hahn, well known in newspaper and army circles, said: "Personally, I have used Warner's Safe Cure, and consider it the best medicine in the world for the diseases it is recommended to cure. A member of my family has also been cured after several physicians had failed to do any good."

Mr. H. McNeil, a highly educated man, a graduate of a medical college, said: "I have frequently heard Mrs. Hahn mention Warner's Safe Cure, and its highly beneficial effect."

Wherever I went I found the testimony the same. It was generally admitted that the strains of public life in Washington were wearing and shortening to the life, but is was universally conceded that for overcoming these tendencies, for strengthening the vitality, toning the health and prolonging the life nothing had ever been known equal to the great remedy I have above described.

GRIFFIN'S GAS BILL

The Board of Gas Trustees Holds Its Last Meeting.

Brief Business Session Last Evening—The New Board Will Organize Friday — Proposition from Owners of a Gas Pumping Apparatus.

The board of gas trustees held a brief business session last evening. Trustee-elect Romeis was present and had a seat at the board. It was thought that the board would organize last evening, but the term of the outgoing member, Mr. Parsons, does not expire before next Friday, and a meeting will therefore be held on that day for the purpose of reorganizing the board. Gen. Greene will probably be the next president.

Dr. Jones, from the committee on claims, reported bills due amounting to $1,786, and recommended the same for payment.

Mr. Backus was not sure if one item—$546 for meters—should be paid.

In reply to a query Manager Heston said only 10 of the 35 meters had so far been sold.

The bills were ordered paid.

Dr. Jones introduced a resolution authorizing the manager to make contracts with consumers in streets where lines are laid at monthly rates until November 1.

Mr. Backus objected to making the limit November 1. He thought July 1 would be better, as possibly the council would make new rates for the Northwestern on or about that date.

Mr. Voit thought the board should not extend the time beyond the date when contracts expire.

Dr. Jones said contracts would not expire before Nov. 1. The resolution was adopted.

Strauss Bros., Fostoria, guarantee to furnish 15,000,000 or 20,000,000 feet of gas per day through pumps at the rate of 4 cents per thousand cubic feet. The communication was laid on the table.

Dr. Jones moved that the communication be referred to the new board.

The chair ruled the motion out of order. Dr. Jones remarked he was sorry for the chair in making such a ruling.

The following are the receipts for the week ending April 11:

April 5	$ 827
April 6	1,031
April 7	1,332
April 8	1,532
April 9	1,270
April 11	4,068
Total	$10,060

President Parsons presented a certified copy of the Griffin gas bill which, as it has not heretofore been published, is given in full herein:

AN ACT

To supplement Section 2491 of the Revised Statutes of Ohio, as heretofore supplemented, by enacting Section 2491c, and Section 2491d.

Section 1.—Be it enacted by the General Assembly of the state of Ohio, that Section 2491 of the Revised Statutes of the state of Ohio, as supplemented, be supplemented by enacting Section 2491c, and Section 2491d, as follows, to-wit:

Section 2491c.—That any city of the third grade of the first class, authorized to construct a natural gas plant, or to borrow money and issue bonds therefor for the purpose of procuring territory and right of way, sinking wells for natural gas, purchasing wells, and natural gas works, purchasing and laying pipes, and supplying such city with natural gas for public and private use and consumption, shall be, and is hereby authorized to borrow money and issue bonds in any sum not exceeding $100,000, in addition to any bonds now authorized to be issued, for the purpose of constructing, extending and completing such natural gas plant, and making the same efficient for the purposes intended. The common council of any such city shall, upon the written request, made from time to time, of its board of natural gas trustees, issue bonds of such city, in any sum not exceeding in the aggregate said above mentioned $100,000, which bonds shall be issued according to the provisions of an ordinance to be, by the common council, passed for that purpose, in denominations not less than $500, and not more than $1,000, payable at such time or times, not less than 10 years, and not exceeding 35 years from the date of the issue thereof, with interest not exceeding 4 1-2 per cent. per annum, payable semi-annually; principal and interest payable at such place as may be by said ordinance provided, and such bonds shall have attached thereto coupons representing the interest to accrue thereon; and said bonds shall, in all cases, express upon their face the purposes for which, and the act under which issued, and shall be signed by the mayor and countersigned and registered by the auditor of such city, with the seal thereof impressed thereon, and shall be sold according to law, and for not less than their face value. The proceeds of such bonds shall be used for the purposes aforesaid, and not otherwise.

Section 2491d.—That in any city of the third grade of the first class which, by its board of natural gas trustees, has constructed, or caused to be constructed, a natural gas plant, or any portion thereof, and has accepted and approved the labor performed, and the material furnished in such construction, at a price or prices agreed upon between such board and the person or persons furnishing such labor and materials, and the claim or claims therefor have neither been paid, nor any funds provided for the payment thereof, and such city still remains in the use and enjoyment of the labor and material so furnished, the prices so agreed to be paid shall be deemed and held to be binding and conclusive, as to all of said contracting parties, although such city or board contracting in behalf thereof, exceeded the power and authority heretofore granted to such city, or board, and although such city, or board, may not have complied with the laws then in force such indebtedness shall be deemed and held to be indebtedness within the purview of section number 2701 of the Revised Statutes of the state of Ohio, and shall be provided for by issuing bonds according to law; such bonds, however, shall not exceed in amount the sum of $500,000, and in addition thereto such amount as may be necessary to pay for interest on such sum accruing after the passage of this act, and shall not bear a rate for interest to exceed 4 1-2 per cent. per annum, payable semi-annually.

Sec. 2.—This act shall take effect and be in force from and after its passage.

THE ONE-SESSION PLAN

For the Schools Again Laid on the Table

By the Board of Education—Superintendent Compton Reports the Schools More Than Crowded —The Finances.

The board of education held its closing meeting last evening.

Superintendent Compton reported the schools in session after the spring vacation, and of their crowded condition caused by the enrollment of new scholars in the primary grades. He stated that the two primary grades of the Warren school had 95 scholars in one and 87 in the other, which was more than the capacity of the rooms would accommodate. The old scholars who would most probably be promoted were selected and given a two-hour-and-a-half session in the morning and the others had a session in the afternoon.

At the Sherman street school those who could not be accommodated were sent home, as the extra number would not warrant the adoption of the other plan.

There were 29 new scholars applied at the Manhattan school, and the half-session plan was adopted.

At the Hoag street building an extra room was prepared last fall, and the extra scholars, including part German and part English, were put together in this room. Mr. Compton said this crowded state of affairs always occurs in the spring, for the reason that an extra place must be provided for all new scholars, while in the fall room is made by promotion.

The superintendent's monthly report of attendance showed pupils enrolled as follows: High school, 440; grammar, 805; intermediate, 1,645; secondary, 3,251; primary, 6,151; ungraded, 276; total, 12,573.

The superintendent stated that Prof. Ogden, teacher of music, had requested that a piano be rented for the use of the school for the remainder of the term, the one in use at the present time being badly out of tune and very weak.

Mr. Major moved that the board purchase a new piano, which was adopted and referred to the finance committee to report at the meeting next Monday morning.

Treasurer Opitz reported on finances as followes:

Balance from February	$24,721 54
Amount collected	92,528 08
Orders paid	50,125 91
Balance on hand	42,402 17
Order outstanding	190 87
Balance available	$42,221 39

The Mayor sugested that the superintendent and principal of the high school ascertain the number of high school children who are in favor of the one-session plan, for the remainder of the term. If the majority of the parents favor the plan, then it would be well to look into it. The sentiment he thought could be obtained by card. Before the question could be discussed further, Mr. Schlengman moved adjournment, which Mr. Frost seconded, and the one-session plan was again laid over.

Mr. Howell's new novel, "The quality of Mercy"—the story of a defaulter who runs away to Canada—is just ready for publication. The Harpers are bringing it out, and are issuing at the same time Mr. Montgomery Schuyler's book on "American Architecture."

Mrs. Coleman Drayton's oldest sister married J. J. Van Alen, who entertains so handsomely at Newport, but they have not lived together for some years. The third sister is Mrs. J. R. Roosevelt, and the fourth Mrs. Orme Wilson.

The highest velocity ever given to a cannon-ball is estimated at 1,626 feet per second, being equal to a mile in 3.2 seconds. The velocity of the earth at the equator, due to its rotation on its axis, is 1,000 miles per hour, or a mile in 3.6 seconds. Therefore, if a cannon ball were fired due west, and could maintain its initial velocity, it would beat the sun in his apparent journey around the earth.

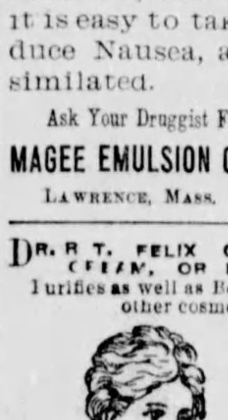
DR. T. FELIX GOURAUD'S ORIENTAL CREAM, OR MAGICAL BEAUTIFIER
Purifies as well as Beautifies the Skin. No other cosmetic will do it.



Removes tan, pimples freckles, moth patches rash and skin diseases, and every blemish on beauty, and defies detection. It has stood the test of 40 years, and is so harmless we taste it to be sure it is properly made. Accept no counterfeit of similar name. Dr. L. A. Sayer said to a lady of the haut-ton (a patient): "As you ladies will use them, I recommend 'Gouraud's Cream' as the least harmful of all the skin preparations." For sale by all druggists and fancy goods dealers in the U. S., Canadas and Europe. FERD. T. HOPKINS prop., 37 Great Jones St., N. Y.

SPECIAL MENTION.
If you have no appetite, indigestion, headache, "all run down" or losing flesh, you will find
TUTT'S Tiny Liver Pills
the remedy you need. They give tone to the stomach, strength to the body, brilliancy to the complexion and healthful enjoyment of daily life. Their action is mild and does not interfere with any employment. Price, 25c. Office, 39 & 41 Park Place, N. Y.

COSTIVENESS
If not relieved by judicious and timely treatment, is liable to result in chronic constipation. As an aperient that may be used with perfect safety and satisfaction, Ayer's Pills are unsurpassed. Unlike most cathartics, these pills, while they relax and cleanse, exert a tonic influence on the stomach, liver, and bowels, causing these organs to perform their functions with healthy regularity and comfort. Being purely vegetable and free from mineral drug of any kind, their use is not attended with injurious effects. Good for old and young of every climate, Ayer's Pills are everywhere the favorite. G. W. Bowman, 26 East Main street, Carlisle, Pa., says: "Having been subject, for years, to constipation, without being able to find much relief, I at last tried Ayer's Pills, and I deem it both a duty and a pleasure to testify that I have derived great benefit from their use. I would not willingly be without them."

FELL OFF A FRACTION

Wheat Market Closes Lower in Chicago.

Prices and Values as Seen on 'Change.

Market Reports of the World Gathered from the Wires for Bee Readers.

The fight between the friends and enemies of wheat is by no means settled, but the fury and carnage and bloodshed is lessened to-day on the basis of about 80c for May wheat at Chicago, than on yesterday and Saturday on a basis of 84c to 85c. It is a signal of returning reason that the great short dealer at Chicago was a buyer around 80c for May.

At a water freight in May this 80c wheat can be laid down in Liverpool including all charges, at $1 00 per bu, and the present quotation for No. 2 spring wheat in Liverpool, United States seaboard inspection, equals $1 08 per bu. We confess it is an adverse argument that Liverpool does not offer to buy it at such a margin.

We charge nothing for suggesting that if no one in Liverpool wants Chicago spring wheat laid down there at 8c a bushel less than quotations, the quotations had better be suppressed.

There has been more steadiness in the wheat market to-day. During the fornoon the fluctuations were comparatively narrow at 1-4 to 1-2 below yesterday's closing prices. But after 1 o'clock the market became weak and closed at a loss of about 7c all around, east and west.

Corn has developed no new feature, but closed lower.

Foreign markets are reported as closing lower.

In New York, May wheat closed 1 1-8 and July 1 cent lower; May and July corn 1-4 lower; May oats 1-2 cent higher.

In Chicago, May wheat closed 1-2c, and July 1c lower. May corn 3-8c lower. July steady. May oats 3-8c lower.

In Toledo, the business in wheat futures has been fairly active, with some unsteadiness within a limited range of prices. Opening prices were a shade lower, but the market sold off slowly, and closed 1c lower for May and 1 1-4c lower for later futures. On the call May sold 90 1-8@89 7-8c; July at 84 3-4c. After the call May sold at 90c, and closed at 88 1-4c; July sold at 84 1-4c, and closed at 83 3-4c. August sold at 83c and closed at 82 1-2c. Cash wheat was in better request, and all the offerings, which were rather light, were taken at full May price. No. 2 soft wheat sold at 89 3-8@88 3-4c, and closed at 89 3-8c, a loss of 3-8c; No. 3 soft at 87 1-2@87c.

Corn was cheaper. No. 2 at 39 1-2c, No. 3 at 39c, No. 4 at 37 1-2c. Nothing in oats or rye.

Clover seed—Very little doing; nothing of consequence offering, and very little demand. Prices unchanged. No. 2 at $7 00, rejected at $5 75.

Crop Reports.

Kansas sends a crop killer's report here to-day, but it is hardly worth repeating. The winter wheat crop in the aggregate has not gained in the past five days, but we do not believe it has lost. The freeze of Friday and Saturday evening did no harm. A freeze after the plant has jointed is quite destructive.

The Markets To-day.

The receipts of wheat to-day at Minneapolis and Duluth are 568,290 bu, and from five other western points 127,952 bu. Total, 696,842. Same day in 1891, 216,617 bu.

Receipts at Toledo and Detroit are increasing.

The export clearances yesterday at four Atlantic ports were: Wheat 94,662 bu and flour to an aggregate of 200,000 bu. Exports of corn 133,740 bu and of oats 9,671 bu.

English markets as reported herein are dull and lower for wheat and dull for corn.

Wheat Stocks.

Figures of flour and wheat on the ocean show an increase in the week of 808,000 bu. An analysis of the figures show an increase to the continent of 1,112,000 bu, and a decrease to the United Kingdom of 304,000 bu. The statement corroborates late reports of a renewal of continental buying.

The Mark Lane Express is in its usual and old time bearish vein. It prattles about immense stocks in the tight little island and immense receipts of foreign wheat. United Kingdom stocks are greater than last year, but not so much so as to excite solicitude and expectation of a large final surplus over consumption.

Money and Bonds.

New York, April 12.—Money 1 1-2@2 per cent. Exchange quiet; posted rates, 486 1-2@488; actual rates, 485 1-2@485 3-4 for 60 days, and 487@487 1-4 for demand.

Governments steady; currency 6s, 109 bid; 4s coupon, 116 bid; extended 2s registered, 100 bid.

Trading this morning was dull and featureless. During the first hour prices were somewhat irregular. Toward the end of the hour New England advanced 3-4 and Sugar 1 1-8. After 11 o'clock the market was almost stagnant. The list sagged off to noon, when the lowest figures were generally current. At this writing the market is somewhat steadier. Prices in most cases, however, are fractionally below those of last night. Sales 108,000 shares.

The Close in Chicago.

Chicago, April 12.—Close: Wheat—May, 79 3-4; July, 80. Corn—May, 40 1-8; July, 38 1-2. Oats—May, 28 7-8; July, 27 1-2. Pork—May, 10 07 1-2; July, 10 20. Lard—May, 6 17 1-2; July, 6 27 1-2. Ribs—May, 5 55@5 57 1-2; July, 5 67 1-2.

Unreliable Reports.

St. Louis, April 12.—At a special meeting of the cotton exchange yesterday resolutions were passed censuring the department of agriculture for issuing unreliable and misleading reports on the distribution and consumption of corn, wheat and cotton.

The resolutions asked representatives in congress to give the producers protection against all such reports on the part of the government.

Cotton.

St. Louis, April 12.—Cotton—The market is better. Middling at 6 5-8c. Receipts 500 bales, shipments 500 bales, stock 115,800 bales, sales 1,800 bales.

Memphis, April 12.—Cotton—The market is steady. Middling selling at 6 5-8c. Receipts 991 bales, shipments 1,349 bales, stock 78,370 bales, sales 750 bales.

Turpentine.

Savannah, April 12.—Firm at 33 1-4c. Charleston, April 12.—Steady at 32 1-2c bid.

British Grain Trade.

London, April 12.—The Mark Lane Express, in its weekly review of the British grain trade, says: English wheats have steadied at 32s. Holders are not willing to sell at this low price. Foreign wheats are a shade firmer on improved German inquiry, but there is a small prospect of values advancing, owing to the enormous stocks and the influx of arrivals. The weekly imports of wheat and flour since September have averaged 437,900 quarters, against 352,000 quarters weekly during the preceding serial year. The chief increase was from Atlantic ports, amounting to 221,000 quarters this year, against 79,792 quarters last season. Corn is a turn dearer; barley and oats are dull; beans and peas are 3d cheaper; linseed and rape seed have each risen 6d; cotton seed has advanced 2s 6d per ton. At today's market free buying for the continent stiffened values. English wheats were in good demand and prices advanced 1s for all sorts. Foreign wheats were 6d better. Holders of American flour ask 1s more, but the asked price was not often obtained. Holders of English flour did a good business at a rise of 6d; flat corn was 6d dearer; round corn was dull; barley was firmer. All oats were 6d dearer.

Dry Goods.

New York, April 12.—The market for dry goods opened quiet, but with some expectation that business would develop this week in cotton flannels at least, prices having become practically adjusted upon a basis slightly lower than last year. A few large buyers were in the market, but nothing of importance transpired.

Live Stock.

Buffalo, April 12.—Cattle—Receipts 161 loads through, 130 loads on sale. The market was dull and lower for good steers and exporting grades; fair to good butchers' and mixed lots steady and firm. Extra steers at $4 40@5 00 per cwt, choice at $4 20@4 30.

Hogs—Receipts 82 loads through, 75 loads on sale. The market was strong and higher. Sales of heavy grades at $4 90@4 95 per cwt, packers and medium grades at $4 90@4 95.

Sheep and Lambs—Receipts 13 loads through, 103 loads on sale. The market was about 10c lower for lambs; sheep steady. TO THE WOMAN WHO TOILETH.

Place a spray in thy belt, or a rose on thy stand,
When thou settest thyself to a commonplace seam;
Its beauty will brighten the work in thy hand.
Its fragrance will sweeten each dream.

When life's petty details most burdensome seem,
Take a book—it may give thee the solace thou'st sought—
And turn its leaves over till thou catchest the gleam
Of some gem in the deep mine of thought.

When the task thou performest is irksome and long,
Or thy brain is perplexed by doubt or a fear,
Fling open the window and let in the song
God hath taught to the birds for thy cheer.

O a branch of wild roses the barrenest lodge
Maketh fit for a throne, while the blossoming vine
Will turn to a bower the thorniest hedge;
So will beauty make stern life divine.
—The Home-Maker.

STREET RAILROADS.

Decision Made by the Circuit Court,

Holding That the Law Authorizing the Appropriation of Tracks Is Constitutional.

The circuit court at 2 o'clock to-day handed down an opinion in the street railroad cases which have been pending for some time.

The first was an action testing the constitutionality of the special law empowering the Robisons to appropriate street railway lines.

The case was submitted to Judge Lemmon in June, 1890, and the law was held constitutional.

The next was the case appealed by the Consolidated contesting the appropriation of Adams street from Michigan to Summit.

As to the constitutionality of the law, the court held that it is constitutional by reason of Section 3440 of the amended act.

LOCAL HAPPENINGS.

Do not neglect to prune the currant and gooseberry bushes because you think these are comparatively unimportant fruits. With good care they will pay as much as anything else. Midwinter is a good time to trim them out. Cut back one-half of last year's growth; cut out all weak and sprawling shoots, and cut out as much as possible of the wood that is more than two years old. Then you will have them down to a bearing basis. Now give them heavy manuring, and put it on so that the ground will be completely covered with a thick mulch all summer. Then keep off the worms by sprinkling with a solution of white hellebore, and you will reap both fruit and profit.

OH, MY HEAD!

Neuralgia of Head and Face.

Did it ever strike you how many people suffer from headache, neuralgia, malaria, pain in back or side?

Their numbers are countless.

And they continue to suffer, more especially in the Spring months, when Spring Debility aggravates their troubles.

The Grip also, which has been so prevalent, causes more headache, and as an aftereffect leaves the nerves of the head in a more weakened and diseased condition than any other known affection. This condition should never be neglected.

And yet, there is an absolutely certain cure within easy reach. Dr. Greene's Nervura, the great remedy for the nerves, is a sure and speedy cure, and will give relief in all such cases. It is also the very best Spring medicine you can take to tone you up, strengthen your nerves, invigorate your blood, and regulate your stomach, liver and bowels.

Besides, it is perfectly safe to use, being purely vegetable and harmless. All druggists keep it, $1.

"I had terrible headaches for 30 years. I felt that I should go INSANE, and made my husband promise that he would not put me in an asylum. I took Dr. Greene's Nervura, and now I have no headache, eat and sleep well, am not nervous, my kidneys are healthy and blood pure. In short, I was saved from that terrible fate, insanity or prostration, by this wonderful remedy, Dr. Greene's Nervura. MRS. JENNIE ANTHONY,
21 W. Greene St., Lynn, Mass."

Dr. Greene, the successful specialist, in curing all forms of nervous and chronic diseases, 35 W. 14th Street, New York, can be consulted free, personally or by letter. Call or write to him about your case or send for symptom blank to fill out, and a letter fully explaining your disease, giving advice, etc., will be returned free.

How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy.

NEVER BEEN DISAPPOINTED.

As a general family remedy for dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels.
W. J. McELROY, Macon, Ga.

Just as soon as the election was over in Toledo and the republicans lost the council, a gang of lobbyists rushed off to Columbus and attempted to rush a ripper bill through the house to have all the city officers taken away from the council and appointed by the mayor. And nearly all the republicans voted for this bill. It only failed in the house because so many of the ripper statesmen were absent.—Canton News-Democrat.

Have no equal as a prompt and positive cure for sick headache, biliousness, constipation, pain in the side, and all liver troubles. Carter's Little Liver Pills. Try them.

The first recorded duel to take place in America occurred at Plymouth, Mass., between two serving men, in 1621. The next recorded contest of this character in this country was that which took place between Woodbridge and Phillips, on Boston Common, 1728.

Mrs. Chas. Smith, of Jimes, Ohio, writes: I have used every remedy for sick headache I could hear of for the past fifteen years, but Carter's Little Liver Pills did me more good than all the rest.

Nobody can be troubled with constipation or piles if they take Simmons Liver Regulator.

The use of Asiatic silk in this country began with the earliest successful manufacture, about 1829, the first importation of the material being in 1828.

Nobody can have dyspepsia or biliousness if they take Simmons Liver Regulator.

BUY MOCKETT'S PERFECT FITTING CLOTHING

SPECIAL OFFERING. This week we shall offer several new styles of Men's Sack Suits, either in plain black, with or without binding, or in the fancy shades and colorings of Tweeds and Cheviots, tailor made, SOME FOR $10, SOME FOR $15 A SUIT. We shall also offer several choice styles of Men's Cutaway Frock Suits (see cut) made from the choicest Thibets, Worsteds, Clay Worsteds and Whipcords, made in the very latest style and best manner, FROM $15 TO $25 A SUIT.

Gentlemen, our finest grades of ready-to-wear clothing, are better made and better fitting than the average Toledo tailor can get up for you, and we sell ours for about ONE-HALF TAILORS' PRICES.

WE SIMPLY ASK YOU to remove from your eyes the bandage of prejudice, pluck from the brain the rooted errors of antiquity. THEN come and look at our goods with the light of reason and common sense, and you will thank us for leading you out of the land of bondage and high prices, into the field of freedom, liberty and enfranchisement from the tyranny and oppression of an old established but unjust custom.

BE SURE YOU'RE IN MOCKETT'S, THEN BUY.

FIT OUT YOUR BOYS FOR EASTER!

GREAT LINE OF CONFIRMATION SUITS

—FOR—

$5, $7, $9, $10, $12, $14 and $15.

Last season we sold more than 1,500 Confirmation Suits, simply because we had an elegant stock and sold at lower prices than any other clothier. Some clothiers seem to think that most anything'll do for Confirmation, and their meagre, limited stocks prove it. Now **BOYS' CONFIRMATION SUITS** we have made up several splendid lines and have put prices on especially for them that are in the truest sense, CHEAP. The immense quantities we handle, buying in conjunction with Detroit, Cincinnati, Louisville, and the other Mabley Houses, enable us to buy on more advantageous terms than the average dealer, and always buying for cash, we get the benefit of lowest prices.

"DO YOU WANT A GOOD THING?" Asked President Lincoln of an importunate office-seeker. "Yes," was the reply. "Get Don Quixote then, and read it. It will make you laugh." Still more laughable to those who appreciate American above Spanish humor is the "New Don Quixote," in which the sorrowful knight of La Mancha and his faithful squire, Sancho, are brought in contact with the civilization of the nineteenth century. Send 50 cents for it to Brentano's, Chicago, or New York.

DRS. FRANCE & OTTMAN'S SUCCESSFUL TREATMENT OF CHRONIC DISEASES.

Our many readers who have been benefited by the remarkable skill of Drs. France & Ottman, will be pleased to know that they have decided to make a return visit to your city. The remarkable cures performed by Drs. France & Ottman have created wonder throughout the country. Drs. France & Ottman have originated and perfected a system of determining, with the greatest accuracy, the nature of chronic diseases by a personal examination of the patient. They obtain their knowledge of the patient's disease by the practical application of well established principles of modern science to the practice of medicine, and it is to the accuracy with which this system has endowed them that they owe their almost world-wide reputation in the skillful treatment of all lingering or chronic affections. The doctors have established an excellent reputation in this community, and their practice has steadily increased until it is now undoubtedly the largest in the state. There is but one way to explain a success of this kind—they cure their patients—and their reputation has been honestly earned. Their cures are, in some instances, startling in their nature, having been performed after the highest authorities and the most celebrated representatives of the different schools of practice had pronounced the fiat of doom and declared them to be beyond the limits of the curable. A consultation on the above date will cost you nothing and it may be the means of bringing you health and happiness, and make your life a pleasure instead of a burden.—The News.

Drs. France & Ottman, formerly of New York, now of the France Medical and Surgical Institute, Columbus, Ohio, by request of many friends and patients, have decided to visit Toledo, Wednesday, April 13. Consultation and examination free and strictly confidential in the private parlor of the Burnett House, from 10 a. m. to 9 p. m., one day only.
